

Section 1: 10-Q (10-Q)

UNITED STATES SECURITIES AND EXCHANGE COMMISSION

Washington, D.C. 20549

FORM 10-Q

QUARTERLY REPORT UNDER SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended March 31, 2020

TRANSITION REPORT UNDER SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission file number: **001-35593**

HOMETRUST BANCSHARES, INC.

(Exact name of registrant as specified in its charter)

Maryland

45-5055422

(State or other jurisdiction of incorporation of organization)

(I.R.S. Employer Identification No.)

10 Woodfin Street, Asheville, North Carolina 28801

(Address of principal executive offices; Zip Code)

(828) 259-3939

(Registrant's telephone number, including area code)

None

(Former name, former address and former fiscal year, if changed since last report)

Securities registered pursuant to Section 12(b) of the Act:

| Title of each class | Trading Symbol(s) | Name of each exchange on which registered |
|--|-------------------|---|
| Common Stock, par value \$.01 per share | HTBI | The NASDAQ Stock Market LLC |

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 and 15(d) of the Exchange Act during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Accelerated filer

Non-accelerated filer

Smaller reporting company

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

There were 17,020,081 shares of common stock, par value of \$.01 per share, issued and outstanding as of May 6, 2020.

HOMETRUST BANCSHARES, INC. AND SUBSIDIARY

Notes to Consolidated Financial Statements
(Dollars in thousands, except per share data)

1. Summary of Significant Accounting Policies

The consolidated financial statements presented in this report include the accounts of HomeTrust Bancshares, Inc., a Maryland corporation ("HomeTrust"), and its wholly-owned subsidiary, HomeTrust Bank (the "Bank"). As used throughout this report, the term the "Company" refers to HomeTrust and the Bank, its consolidated subsidiary, unless the context otherwise requires.

The accompanying unaudited consolidated financial statements have been prepared in accordance with GAAP for interim financial information and in accordance with the instructions to Form 10-Q and Article 10 of Regulation S-X as promulgated by the SEC. Accordingly, they do not include all the information and footnotes required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation of the financial position and results of operations for the periods presented have been included. It is recommended that these unaudited interim consolidated financial statements be read in conjunction with the audited consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended June 30, 2019 ("2019 Form 10-K") filed with the SEC on September 13, 2019. The results of operations for the three and nine months ended March 31, 2020 are not necessarily indicative of results that may be expected for the entire fiscal year ending June 30, 2020.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect amounts reported in the financial statements. Various elements of the Company's accounting policies, by their nature, are inherently subject to estimation techniques, valuation assumptions, and other subjective assessments. In particular, management has identified several accounting policies that, due to the judgments, estimates and assumptions inherent in those policies, are critical to an understanding of the Company's financial statements. These policies relate to (i) the determination of the provision and the allowance for loan losses, (ii) the valuation of goodwill and other intangible assets, and (iii) the valuation of or recognition of deferred tax assets and liabilities. These policies and judgments, estimates and assumptions are described in greater detail in notes to the Consolidated Financial Statements and Management's Discussion and Analysis of Financial Condition and Results of Operations (Critical Accounting Policies) in our 2019 Form 10-K. Management believes that the judgments, estimates and assumptions used in the preparation of the financial statements are appropriate based on the factual circumstances at the time. However, given the sensitivity of the financial statements to these critical accounting policies, the use of other judgments, estimates and assumptions could result in material differences in the Company's results of operations or financial condition. Further, subsequent changes in economic or market conditions could have a material impact on these estimates and the Company's financial condition and operating results in future periods.

Certain amounts reported in prior periods' consolidated financial statements have been reclassified to conform to the current presentation. Such reclassifications had no effect on previously reported cash flows, stockholders' equity or net income.

Operating, Accounting and Reporting Considerations related to COVID-19

The COVID-19 pandemic has negatively impacted the global economy. In response to this crisis, the CARES Act was passed by Congress and signed into law on March 27, 2020. The CARES Act provides an estimated \$2.2 trillion to fight the COVID-19 pandemic and stimulate the economy by supporting individuals and businesses through loans, grants, tax changes, and other types of relief. Some of the provisions applicable to the Company include, but are not limited to:

- Accounting for Loan Modifications - The CARES Act provides that a financial institution may elect to suspend (1) the requirements under GAAP for certain loan modifications that would otherwise be categorized as a TDR and (2) any determination that such loan modifications would be considered a TDR, including the related impairment for accounting purposes. The Bank has elected this as a policy change.
- Paycheck Protection Program - The CARES Act established the Paycheck Protection Program, an expansion of the SBA's 7(a) loan program and the Economic Injury Disaster Loan Program, administered directly by the SBA.

Also in response to the COVID-19 pandemic, the Board of Governors of the Federal Reserve System, the FDIC, the National Credit Union Administration, the Office of the Comptroller of the Currency, and the Consumer Financial Protection Bureau, in consultation with the state financial regulators (collectively, the "agencies") issued a joint interagency statement (issued March 22, 2020; revised statement issued April 7, 2020). Some of the provisions applicable to the Company include, but are not limited to:

- Accounting for Loan Modifications - Loan modifications that do not meet the conditions of the CARES Act may still qualify as a modification that does not need to be accounted for as a TDR. The agencies confirmed with FASB staff that short-term modifications made on a good faith basis in response to COVID-19 to borrowers who were current prior to any relief are not TDRs. This includes short-term (e.g., six months) modifications such as payment deferrals, fee waivers, extensions of repayment terms, or insignificant delays in payment.
- Past Due Reporting - With regard to loans not otherwise reportable as past due, financial institutions are not expected to designate loans with deferrals granted due to COVID-19 as past due because of the deferral. A loan's payment date is governed by the due date stipulated in the legal agreement. If a financial institution agrees to a payment deferral, these loans would not be considered past due during the period of the deferral.

HOMETRUST BANCSHARES, INC. AND SUBSIDIARY

Notes to Consolidated Financial Statements
(Dollars in thousands, except per share data)

- Nonaccrual Status and Charge-offs - While short-term COVID-19 modifications are in effect, these loans generally should not be reported as nonaccrual or as classified.

Adoption of Lease Accounting Standard

On July 1, 2019, the Company adopted ASU 2016-02, *Leases* (“Topic 842”), and subsequent related ASUs. The new leasing standard modifies the accounting, presentation, and disclosures for both lessees and lessors. The Company elected the modified retrospective transition option which allows for application of the Topic 842 guidance at the adoption date. Therefore, comparative prior period financial information was not adjusted and will continue to be reported under the previous accounting guidance of ASC 840, *Leases* (“ASC 840”). No cumulative-effect adjustment to retained earnings as of July 1, 2019 was necessary as a result of adopting the new standard. The Company elected the “package of practical expedients” permitted under the transition guidance which allows the Company not to reassess its prior conclusions regarding lease identification, classification of existing leases, and treatment of initial direct costs on existing leases. Any lease arrangements and significant modifications entered into subsequent to the adoption date are accounted for in accordance with the new standard.

Lessee Topic 842 Accounting

The new leasing standard requires recognition of operating leases on the consolidated balance sheets as ROU assets and lease liabilities. ROU assets represent our right to use underlying assets for the lease terms and lease liabilities represent our obligation to make lease payments arising from the leases. ROU assets and lease liabilities are recognized at the lease commencement date based on the estimated present value of lease payments over the lease term. We use our estimated incremental borrowing rate in determining the present value of lease payments for operating leases and the implicit rate in the lease for our one finance lease.

For operating leases, the Company recognized lease liabilities, with corresponding ROU assets, based on the present value of unpaid lease payments for existing operating leases longer than twelve months as of July 1, 2019. The ROU assets were adjusted per Topic 842 transition guidance for existing lease-related balances of accrued and prepaid rent, and unamortized lease incentives provided by lessors. As a result, the Company recognized ROU assets of approximately \$5.3 million in other assets and corresponding lease liabilities of approximately \$5.3 million in other liabilities as of July 1, 2019. The July 1, 2019 incremental borrowing rates determined on a collateralized basis for the remaining lease terms were utilized when determining the present value of lease payments at the date of initial adoption.

For our finance lease, the Company leases land for one of its retail locations. Upon adoption of Topic 842, the Company reclassified \$2.1 million from land to ROU assets in other assets. In addition, the corresponding liability of \$1.9 million, which was disclosed separately on the balance sheet was reclassified to other liabilities.

The Company elected the lessee practical expedient to not separate lease and non-lease components. The Company also elected the short-term lease recognition exemption and will not recognize ROU assets or lease liabilities for leases with a term less than 12 months.

Operating lease cost is recognized as a single lease cost on a straight-line basis over the lease term and is recorded in net occupancy expense. Variable lease payments for common area maintenance, property taxes and other operating expenses are recognized as expense in the period when the changes in facts and circumstances on which the variable lease payments are based occur.

Finance lease cost is recognized as a single lease cost using the effective interest method and is recorded in net occupancy expense.

Lessee Accounting Prior to Adoption of Topic 842

Prior to the adoption of ASC 842, the Company applied the guidance of ASC 840. Under ASC 840, operating lease arrangements were off-balance sheet and ROU assets and lease liabilities were not recognized. Operating lease rent expense was recognized on a straight-line basis over the lease term and recorded in net occupancy expense. Common area maintenance, property taxes, and other operating expenses related to leased premises were also recognized in net occupancy expenses, consistent with similar costs for owned locations.

Lessor Topic 842 Accounting

Prior to the adoption of Topic 842, we determined the lease classification at commencement date. Leases not classified as sales-type or direct financing leases are classified as operating leases. The primary accounting criteria we use for lease classification are (i) review to determine if the lease transfers ownership of the underlying asset to the lessee by the end of the lease term, ii) review to determine if the lease grants the lessee a purchase option that the lessee is reasonably certain to exercise, (iii) determine if the lease term is for a major part of the remaining economic life of the underlying asset and (iv) determine if the present value of the sum of the lease payments and any residual value guarantees equals or exceeds substantially all of the fair value of the underlying asset. We do not lease equipment of such a specialized nature that it is expected to have no alternative use to the lessor at the end of the lease term.

The Company elected a lessor accounting policy to exclude from revenue and expenses sales taxes and other similar taxes assessed by a governmental authority on lease revenue-producing transactions and collected by the lessor from a lessee.

Operating Leases - Assets leased under an operating lease are carried at cost less accumulated depreciation. These assets are depreciated to their estimated residual value using the straight-line method over the lesser of the lease term or estimated useful life of the asset. Assets received at the end of the lease, which are intended to be sold, are marked to the lower of cost or fair value less selling costs with the adjustment recorded in other noninterest income.

HOMETRUST BANCSHARES, INC. AND SUBSIDIARY
Notes to Consolidated Financial Statements
(Dollars in thousands, except per share data)

At the inception of each operating lease, we record a residual value for the leased equipment based on our estimate of the future value of the equipment at the end of the lease term or end of the equipment's estimated useful life as indicated by industry data. Operating leases have higher risk because a smaller percentage of the equipment's value is covered by contractual cash flows over the term of the lease. If the market value of leased equipment under operating leases decreases at a rate greater than we projected, whether due to rapid technological or economic obsolescence, unusual wear and tear on the equipment, excessive use of the equipment, recession or other adverse economic conditions, or other factors, it could adversely affect the current values or the residual values of such equipment. The Company seeks to mitigate these risks by maintaining a relatively young fleet of leased assets with wide operator bases, which can facilitate attractive lease and utilization rates. The Company manages and evaluates residual values by performing periodic reviews of estimated residual values and monitoring levels of residual realizations. A change in estimated operating lease residual values would result in a change in future depreciation expense. Any impairments are recognized at the time a change is identified.

Rental revenue on operating leases is recognized on a straight-line basis over the lease term and is included in other noninterest income.

Finance Leases - The Company's finance leases are classified as direct financing leases under ASC 842. The Company's finance lease activity primarily relates to leasing of new equipment with the equipment purchase price equal to fair value and therefore there is no selling profit or loss at lease commencement. When there is no selling profit or loss, initial direct costs are deferred at the commencement date and included in the measurement of the net investment in the lease.

A lease receivable is recorded for finance leases at present value discounted using the rate implicit in the lease. The lease receivable includes lease payments not yet paid and the guarantee of the residual value by the lessee or unrelated third party, as applicable. Interest income is recognized over the lease term at a constant periodic discount rate on the remaining balance of the lease net investment using the rate implicit in the lease. After the commencement date, lease payments collected are applied to reduce net investment and recognize interest income.

The recognition of interest income is suspended, and an account is placed on non-accrual status when, in the opinion of management, full collection of all principal and interest due is doubtful. All future interest income accruals, as well as amortization of deferred fees, costs, and purchase premiums or discounts are suspended. Subsequent lease payments received are applied to the outstanding net investment balance until such time as the account is collected, charged-off or returned to accrual status. Finance leases that are nonaccrual do not accrue interest income; however, payments designated by the borrower as interest payments may be recorded as interest income. To qualify for this treatment, the remaining recorded investment in the lease must be deemed fully collectible.

The recognition of interest income on finance leases is suspended, and all previously accrued but uncollected revenue is reversed, when lease payments are contractually delinquent for 90 days or more. Accounts, including accounts that have been modified, are returned to accrual status when, in the opinion of management, collection of remaining lease receivables are reasonably assured, and there is a sustained period of repayment performance, generally for a minimum of six months.

Certain finance leases also have residual values at the inception of the lease which are based on our estimate of the future value of the equipment at the end of the lease term or end of the equipment's estimated useful life as indicated by industry data. Finance leases bear the least risk because contractual payments usually cover approximately 90% of the equipment's cost at the inception of the lease. A change in estimated finance lease residual values during the lease term may impact the loss allowance as a decrease in the residual value may cause an impairment to be recorded on the finance lease.

Lessor Accounting Prior to Adoption of Topic 842

Lessor accounting was not fundamentally changed by Topic 842 and remains similar to the prior accounting model, with updates to align with certain changes to the lessee model (e.g., certain definitions, such as initial direct costs, have been updated) and the new revenue recognition standard. The new rules did not have a significant impact on our classification of leases as finance or operating. The new lease guidance has a narrower definition of initial direct costs that may be capitalized and allocated internal costs and professional fees to negotiate and arrange the lease agreement that would have been incurred regardless of lease execution no longer qualify as initial direct cost.

2. Recent Accounting Pronouncements

In June 2016, the FASB issued ASU No. 2016-13, "Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments." The ASU significantly changes the impairment model for most financial assets that are measured at amortized cost and certain other instruments from an incurred loss model to an expected loss model. This ASU is effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2019. Early adoption is permitted for all entities beginning after December 15, 2018, including interim periods within those fiscal years. The Company has selected a third-party vendor to provide ongoing support under the new methodology. The Bank's project team is evaluating our current expected loss methodology of its loan and investment portfolios to identify the necessary modifications in accordance with this standard and expects a change in the processes and procedures to calculate the allowance for loan losses, including changes in assumptions and estimates to consider expected credit losses over the life of the loan versus the current accounting practice that utilizes the incurred loss model. The Bank has compiled and uploaded all historical data that will be used to calculate expected credit losses on its loan portfolio and intends to run parallel models during the fourth quarter of 2020 to ensure it is fully compliant with the ASU at the adoption date. The team continues to work with the third-party vendor and is finalizing documentation on the methodologies utilized as well as the controls, processes, policies, and disclosures in preparation for performing the full end-to-end parallel run. A valuation adjustment to our allowance for loan losses or investment portfolio that is identified in this process will be reflected as a one-time adjustment in equity rather than earnings. Once adopted, the Company expects its allowance for loan losses to increase; however, until its evaluation is complete the magnitude of the increase will be unknown.

HOMETRUST BANCSHARES, INC. AND SUBSIDIARY

Notes to Consolidated Financial Statements

(Dollars in thousands, except per share data)

In August 2017, FASB issued ASU 2017-12, "Derivatives and Hedging (Topic 815): Targeted Improvements to Accounting for Hedging Activities." This ASU improves the transparency and understandability of disclosures in the financial statements regarding the entities risk management activities and reduces the complexity of hedge accounting. The amendments in this ASU permit hedge accounting for hedging relationships involving nonfinancial risk and interest rate risk by removing certain limitations in cash flow and fair value hedging relationships. In addition, the ASU requires an entity to present the earnings effect of the hedging instrument in the same income statement line item in which the earnings effect of the hedged item is reported. The amendments in this ASU are effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2018 and early adoption is permitted. The Company adopted this ASU on July 1, 2019. The adoption did not have a material effect on the Company's Consolidated Financial Statements.

In August 2018, the FASB issued ASU 2018-13, "Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement." The amendments in this ASU remove, modify, and add certain disclosure requirements related to fair value measurements in ASC 820. The amendments in this ASU are effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2019 and early adoption is permitted. The adoption of ASU No. 2018-13 is not expected to have a material impact on the Company's Consolidated Financial Statements.

In November 2018, the FASB issued ASU 2018-19, "Codification Improvements to Topic 326, Financial Instruments—Credit Losses." This update clarifies that receivables arising from operating leases are not within the scope of Subtopic 326-20. Instead, impairment of receivables arising from operating leases should be accounted for in accordance with Topic 842, Leases. The effective date and transition requirements for this ASU are the same as ASU 2016-13. The adoption of ASU No. 2018-19 is not expected to have a material impact on the Company's Consolidated Financial Statements.

In December 2018, the FASB issued ASU 2018-20, "Leases (Topic 842): Narrow-Scope Improvements for Lessors." The amendments in this update permit lessors, as an accounting policy election, to not evaluate whether certain sales taxes and other similar taxes are lessor costs or lessee costs. Instead, those lessors will account for those costs as if they are lessee costs. A lessor making this election will exclude from the consideration in the contract and from variable payments not included in the consideration in the contract all collections from lessees of taxes within the scope of the election and will provide certain disclosures. For certain lessor costs, the lessor must exclude from variable payments, and therefore revenue, lessor costs paid by lessees directly to third parties from variable payments. In addition, the lessor must account for costs excluded from the consideration of a contract that are paid by the lessor and reimbursed by the lessee as variable payments. A lessor will record those reimbursed costs as revenue. The amendments in this ASU related to recognizing variable payments for contracts with lease and nonlease components require lessors to allocate (rather than recognize as currently required) certain variable payments to the lease and nonlease components when the changes in facts and circumstances on which the variable payment is based occur. After the allocation, the amount of variable payments allocated to the lease components will be recognized as income in profit or loss in accordance with Topic 842, while the amount of variable payments allocated to nonlease components will be recognized in accordance with other Topics, such as Topic 606. The Company adopted this ASU on July 1, 2019. The adoption did not have a material effect on the Company's Consolidated Financial Statements.

In March 2019, the FASB issued ASU 2019-01, "Leases (Topic 842): Codification Improvements." The amendments in this update include the following items: i) determining the fair value of the underlying asset by lessors that are not manufacturers or dealers; ii) requiring cash received from lessors from sales-type and direct financing leases to be presented in the cash flow statement within investing activities; and iii) clarifying interim disclosure requirements. The Company adopted this ASU on July 1, 2019. The adoption did not have a material effect on the Company's Consolidated Financial Statements.

In April 2019, the FASB issued ASU 2019-04, "Codification Improvements to Topic 326, Financial Instruments-Credit Losses, Topic 815, Derivatives and Hedging, and Topic 825, Financial Instruments." The amendments in this update are part of the FASB's ongoing project to improve codification and correcting unintended application. The items within this ASU are not expected to have a significant effect on current accounting practice. The effective date and transition requirements for the amendments to Financial Instruments (ASU 2016-01) are effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2019 and early adoption is permitted. The effective date and transition requirements for the amendments to Financial Instruments-Credit Losses (ASU 2016-13) are the same as ASU 2016-13 noted above. The effective date and transition requirements for the amendments to Derivatives and Hedging (ASU 2017-12) are the same as ASU 2017-12 noted above. The adoption of ASU No. 2019-04 is not expected to have a material impact on the Company's Consolidated Financial Statements.

In May 2019, the FASB issued ASU 2019-05, "Financial Instruments - Credit Losses (Topic 326): Targeted Transition Relief." The amendments in this update allow companies to irrevocably elect, upon the adoption of ASU 2016-13, the fair value option for financial instruments that i) were previously recorded at amortized cost and ii) are within the scope of the credit losses guidance in ASC 326-20, iii) are eligible for the fair value option under ASC 825-10, and iv) are not held-to-maturity debt securities. The effective date and transition requirements for this ASU is the same as ASU 2016-13. The adoption of ASU No. 2019-05 is not expected to have a material impact on the Company's Consolidated Financial Statements.

In July 2019, the FASB issued ASU 2019-07, "Codification Updates to SEC Sections." This ASU amends certain paragraphs in the ASC to reflect the issuance of SEC final rules on Disclosure Update and Simplification and Investment Company Reporting Modernization and other miscellaneous updates. The amendments became effective upon issuance. The adoption did not have a material effect on the Company's Consolidated Financial Statements.

In November 2019, the FASB issued ASU 2019-11, "Codification Improvements to Topic 326, Financial Instruments-Credit Losses." This ASU clarifies certain aspects of the amendments in ASU 2016-13 and is part of the FASB's ongoing project to improve codification and correcting

HOMETRUST BANCSHARES, INC. AND SUBSIDIARY

Notes to Consolidated Financial Statements

(Dollars in thousands, except per share data)

unintended application. The items within this ASU are not expected to have a significant effect on current accounting practice. The effective date and transition requirements for this ASU is the same as ASU 2016-13. The adoption of ASU No. 2019-11 is not expected to have a material impact on the Company's Consolidated Financial Statements.

In December 2019, the FASB issued ASU 2019-12, "Income Taxes (Topic 740): Simplifying the Accounting for Income Taxes." This ASU is part of the FASB's simplification initiative to reduce complexity in accounting standards. The items within this ASU are not expected to have a significant effect on current accounting practice. The effective date and transition requirements for the first and second items of this ASU are effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2020 and early adoption is permitted. The adoption of ASU No. 2019-12 is not expected to have a material impact on the Company's Consolidated Financial Statements.

In January 2020, the FASB issued ASU 2020-01, "Investment—Equity Securities (Topic 321), Investments—Equity Method and Joint Ventures (Topic 323), and Derivatives and Hedging (Topic 815): Clarifying the Interactions between Topic 321, Topic 323, and Topic 815." This ASU clarified the interaction of the accounting for equity securities under Topic 321 and investments accounted for under the equity method of accounting in Topic 323 and the accounting for certain forward contracts and purchased options accounted for under Topic 815. The amendments in this ASU are effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2021 and early adoption is permitted. The adoption of ASU No. 2020-01 is not expected to have a material impact on the Company's Consolidated Financial Statements.

In March 2020, the FASB issued ASU 2020-03, "Codification Improvements to Financial Instruments." This ASU makes certain narrow-scope amendments to the following: i) clarified that all entities are required to provide fair value option disclosures; ii) clarified the applicability of the portfolio exception in ASC 820 to nonfinancial items; iii) aligned disclosures for depository and lending institutions (Topic 942) with guidance in Topic 320; iv) added cross-references to guidance in ASC 470-50 on line-of-credit or revolving-debt arrangements; v) added cross-references to net asset value practical expedient in ASC 820-10; vi) clarified the interaction between ASC 842 and ASC 326; and vii) clarified the interaction between ASC 326 and ASC 860-20. The amendments for issues i, ii, iv, and v became effective upon issuance and did not have a material effect on the Company's Consolidated Financial Statements. The amendment related to issue iii has the same effective date and transition requirements as ASU 2019-04 and is not expected to have a material impact on the Company's Consolidated Financial Statements. The amendments related to issues vi and vii have the same effective date and transition requirements as ASU 2016-13 and is not expected to have a material impact on the Company's Consolidated Financial Statements.

3. Debt Securities

Securities available for sale consist of the following at the dates indicated:

| | March 31, 2020 | | | |
|--|-------------------|------------------------------|-------------------------------|----------------------------|
| | Amortized Cost | Gross Unrealized Gains | Gross Unrealized Losses | Estimated Fair Value |
| U.S. Government Agencies | \$ 6,645 | \$ 197 | \$ — | \$ 6,842 |
| Residential MBS of U.S. Government Agencies and GSEs | 50,290 | 1,561 | (99) | 51,752 |
| Municipal Bonds | 21,208 | 503 | (8) | 21,703 |
| Corporate Bonds | 79,107 | 37 | (820) | 78,324 |
| Total | \$ 157,250 | \$ 2,298 | \$ (927) | \$ 158,621 |

| | June 30, 2019 | | | |
|--|-------------------|------------------------------|-------------------------------|----------------------------|
| | Amortized Cost | Gross Unrealized Gains | Gross Unrealized Losses | Estimated Fair Value |
| U.S. Government Agencies | \$ 15,099 | \$ 122 | \$ (11) | \$ 15,210 |
| Residential MBS of U.S. Government Agencies and GSEs | 74,778 | 586 | (184) | 75,180 |
| Municipal Bonds | 24,896 | 423 | (7) | 25,312 |
| Corporate Bonds | 6,061 | 43 | (20) | 6,084 |
| Total | \$ 120,834 | \$ 1,174 | \$ (222) | \$ 121,786 |

Debt securities available for sale by contractual maturity at March 31, 2020 are shown below. MBS are not included in the maturity categories because the borrowers in the underlying pools may prepay without penalty; therefore, it is unlikely that the securities will pay at their stated maturity schedule.

| | March 31, 2020 | |
|--|-------------------|-------------------------|
| | Amortized Cost | Estimated Fair Value |
| Due within one year | \$ 41,056 | \$ 40,883 |
| Due after one year through five years | 59,538 | 59,464 |
| Due after five years through ten years | 4,292 | 4,445 |
| Due after ten years | 2,074 | 2,077 |
| Mortgage-backed securities | 50,290 | 51,752 |
| Total | \$ 157,250 | \$ 158,621 |

The Company had no sales of securities available for sale during the three and nine months ended March 31, 2020 and 2019. There were no gross realized gains or losses for the three and nine months ended March 31, 2020 and 2019.

Securities available for sale with costs totaling \$80,593 and \$94,337 and market values of \$82,028 and \$94,876 at March 31, 2020 and June 30, 2019, respectively, were pledged as collateral to secure various public deposits and other borrowings.

The gross unrealized losses and the fair value for securities available for sale aggregated by the length of time that individual securities have been in a continuous unrealized loss position as of March 31, 2020 and June 30, 2019 were as follows:

| | March 31, 2020 | | | | | |
|--|---------------------|----------------------|-------------------|----------------------|---------------|----------------------|
| | Less than 12 Months | | 12 Months or More | | Total | |
| | Fair Value | Unrealized Losses | Fair Value | Unrealized Losses | Fair Value | Unrealized Losses |

HOMETRUST BANCSHARES, INC. AND SUBSIDIARY
Notes to Consolidated Financial Statements
(Dollars in thousands, except per share data)

| | June 30, 2019 | | | | | |
|--|---------------------|-------------------|-------------------|-------------------|------------------|-------------------|
| | Less than 12 Months | | 12 Months or More | | Total | |
| | Fair Value | Unrealized Losses | Fair Value | Unrealized Losses | Fair Value | Unrealized Losses |
| U.S. Government Agencies | \$ — | \$ — | \$ 6,988 | \$ (11) | \$ 6,988 | \$ (11) |
| Residential MBS of U.S. Government Agencies and GSEs | 1,144 | (3) | 24,242 | (181) | 25,386 | (184) |
| Municipal Bonds | — | — | 4,895 | (7) | 4,895 | (7) |
| Corporate Bonds | 393 | (5) | 3,630 | (15) | 4,023 | (20) |
| Total | \$ 1,537 | \$ (8) | \$ 39,755 | \$ (214) | \$ 41,292 | \$ (222) |

The total number of securities with unrealized losses at March 31, 2020, and June 30, 2019 were 48 and 100, respectively. Unrealized losses on securities have not been recognized in income because management has the intent and ability to hold the securities for the foreseeable future, and has determined that it is not more likely than not that the Company will be required to sell the securities prior to a recovery in value. The decline in fair value was largely due to increases in market interest rates subsequent to the purchase dates of the securities. The Company had no other-than-temporary impairment losses during the nine months ended March 31, 2020.

4. Other Investments

Other investments, at cost consist of the following at the dates indicated:

| | March 31, 2020 | June 30, 2019 |
|-----------------------|------------------|------------------|
| FHLB of Atlanta stock | \$ 25,859 | \$ 31,969 |
| FRB stock | 7,353 | 7,335 |
| SBIC investments | 7,989 | 6,074 |
| Total | \$ 41,201 | \$ 45,378 |

As a requirement for membership, the Bank invests in the stock of both the FHLB of Atlanta and the FRB. No ready market exists for these securities so carrying value approximates their fair value based on the redemption provisions of the FHLB of Atlanta and the FRB, respectively. SBIC investments are equity securities without a readily determinable fair value.

| Commercial and industrial | 269 | — | 307 | — |
| Equipment finance | 410 | — | 384 | — |
| Total loans | \$ 15,665 | \$ — | \$ 10,358 | \$ — |

PCI loans totaling \$1,018 at March 31, 2020 and \$1,344 at June 30, 2019 are excluded from nonaccruing loans due to the accretion of discounts established in accordance with the acquisition method of accounting for business combinations.

TDRs are loans which have renegotiated loan terms to assist borrowers who are unable to meet the original terms of their loans. Such modifications to loan terms may include a lower interest rate, a reduction in principal, or a longer term to maturity. Additionally, all TDRs are considered impaired. The Company had no commitments to lend additional funds on these TDR loans at March 31, 2020.

The Company's loans that were performing under the payment terms of TDRs that were excluded from nonaccruing loans above at the dates indicated follows:

Loans acquired through acquisitions are initially excluded from the allowance for loan losses in accordance with the acquisition method of accounting for business combinations. The Company records these loans at fair value, which includes a credit discount, therefore, no allowance for loan losses is established for these acquired loans at acquisition. A provision for loan losses is recorded for any further deterioration in these acquired loans subsequent to the acquisition.

| Total | 14 | \$ 1,617 | \$ 1,494 | 20 | \$ 6,823 | \$ 6,804 |

Other TDRs include TDRs that have a below market interest rate and extended payment terms. The Company does not typically forgive principal when restructuring troubled debt.

HOMETRUST BANCSHARES, INC. AND SUBSIDIARY
Notes to Consolidated Financial Statements
(Dollars in thousands, except per share data)

The following tables present loans that were modified as TDRs within the previous 12 months and for which there was a payment default during the three and nine months ended March 31, 2020 and 2019:

| | Three Months Ended March 31, 2020 | | Three Months Ended March 31, 2019 | |
|--------------------|--------------------------------------|------------------------|--------------------------------------|------------------------|
| | Number of Loans | Recorded Investment | Number of Loans | Recorded Investment |
| Retail consumer: | | | | |
| One-to-four family | — | \$ — | 2 | \$ 184 |
| Consumer | — | — | 1 | 2 |
| Total | — | \$ — | 3 | \$ 186 |
| Total | — | \$ — | 3 | \$ 186 |
| | | | | |
| | Nine Months Ended March 31, 2020 | | Nine Months Ended March 31, 2019 | |
| | Number of Loans | Recorded Investment | Number of Loans | Recorded Investment |
| Other TDRs: | | | | |
| Retail consumer: | | | | |
| One-to-four family | 2 | \$ 49 | 2 | \$ 184 |
| Consumer | — | — | 1 | 2 |
| Total | 2 | \$ 49 | 3 | \$ 186 |
| Total | 2 | \$ 49 | 3 | \$ 186 |

In the determination of the allowance for loan losses, management considers TDRs for all loan classes, and the subsequent nonperformance in accordance with their modified terms, by measuring impairment on a loan-by-loan basis based on either the value of the loan's expected future cash flows discounted at the loan's original effective interest rate or on the collateral value, net of the estimated costs of disposal, if the loan is collateral dependent.

Modifications in response to COVID-19

The Company began offering short-term loan modifications to assist borrowers during the COVID-19 pandemic. The CARES Act along with a joint agency statement issued by banking agencies and confirmed by FASB staff that short-term modifications made in response to COVID-19 are not TDRs. Accordingly, the Company does not account for such loan modifications as TDRs. As of March 31, 2020, modifications totaling \$14.3 million and \$162.4 million had been granted in retail consumer loans and commercial loans, respectively. See Note 1 Summary of Significant Accounting Policies and Note 12 Subsequent Events for more information.

6. Real Estate Owned

The activity within REO for the periods shown is as follows:

| | Three Months Ended March 31, | | Nine Months Ended March 31, | |
|--------------------------------|------------------------------|----------|-----------------------------|----------|
| | 2020 | 2019 | 2020 | 2019 |
| Balance at beginning of period | \$ 1,451 | \$ 2,955 | \$ 2,929 | \$ 3,684 |
| Transfers from loans | — | 482 | 46 | 578 |
| Sales, net of gain or loss | (376) | (397) | (1,722) | (971) |
| Writedowns | — | (37) | (178) | (288) |
| Balance at end of period | \$ 1,075 | \$ 3,003 | \$ 1,075 | \$ 3,003 |

At March 31, 2020 and June 30, 2019, the Bank had \$205 and \$1,018, respectively, of foreclosed residential real estate property in REO. The recorded investment in consumer mortgage loans collateralized by residential real estate in the process of foreclosure totaled \$61 and \$243 at March 31, 2020 and June 30, 2019, respectively.

(Dollars in thousands, except per share data)

7. Net Income per Share

The following is a reconciliation of the numerator and denominator of basic and diluted net income per share of common stock as of the dates indicated:

| | Three Months Ended March 31, | | Nine Months Ended March 31, | |
|---|------------------------------|-------------------|-----------------------------|-------------------|
| | 2020 | 2019 | 2020 | 2019 |
| Numerator: | | | | |
| Net income | \$ 1,193 | \$ 3,302 | \$ 19,188 | \$ 19,133 |
| Allocation of earnings to participating securities | (11) | (23) | (167) | (132) |
| Numerator for basic EPS - Net income available to common stockholders | <u>\$ 1,182</u> | <u>\$ 3,279</u> | <u>\$ 19,021</u> | <u>\$ 19,001</u> |
| Effect of dilutive securities: | | | | |
| Dilutive effect to participating securities | 2 | 3 | 6 | 5 |
| Numerator for diluted EPS | <u>\$ 1,184</u> | <u>\$ 3,282</u> | <u>\$ 19,027</u> | <u>\$ 19,006</u> |
| Denominator: | | | | |
| Weighted-average common shares outstanding - basic | 16,688,646 | 17,506,018 | 16,898,391 | 17,811,962 |
| Effect of dilutive shares | 569,782 | 691,411 | 625,861 | 716,199 |
| Weighted-average common shares outstanding - diluted | <u>17,258,428</u> | <u>18,197,429</u> | <u>17,524,252</u> | <u>18,528,161</u> |
| Net income per share - basic | \$ 0.07 | \$ 0.19 | \$ 1.12 | \$ 1.07 |
| Net income per share - diluted | \$ 0.07 | \$ 0.18 | \$ 1.08 | \$ 1.02 |

Potential dilutive shares are excluded from the computation of earnings per share if their effect is anti-dilutive. There were 506,800 stock options that were anti-dilutive for the three and nine months ended March 31, 2020. There were 434,400 and 445,800 stock options that were anti-dilutive for the three and nine months ended March 31, 2019, respectively.

8. Equity Incentive Plan

The Company provides stock-based awards through the 2013 Omnibus Incentive Plan, which provides for awards of restricted stock, restricted stock units, stock options, stock appreciation rights and cash awards to directors, directors emeritus, officers, employees and advisory directors. The cost of equity-based awards under the 2013 Omnibus Incentive Plan generally is based on the fair value of the awards on their grant date. The maximum number of shares that may be utilized for awards under the plan is 2,962,400, including 2,116,000 for stock options and stock appreciation rights and 846,400 for awards of restricted stock and restricted stock units.

Shares of common stock issued under the 2013 Omnibus Incentive Plan may be authorized but unissued shares or, in the case of restricted stock awards, may be repurchased shares.

The table below presents share-based compensation expense and the estimated related tax benefit for stock options and restricted stock for the three and nine months ended March 31, 2020 and 2019, respectively:

| | Three Months Ended March 31, | | Nine Months Ended March 31, | |
|----------------------------------|------------------------------|--------|-----------------------------|----------|
| | 2020 | 2019 | 2020 | 2019 |
| Share-based compensation expense | \$ 458 | \$ 409 | \$ 1,341 | \$ 1,165 |
| Tax benefit | \$ 108 | \$ 96 | \$ 315 | \$ 274 |

HOMETRUST BANCSHARES, INC. AND SUBSIDIARY
Notes to Consolidated Financial Statements
(Dollars in thousands, except per share data)

The table below presents stock option activity for the nine months ended March 31, 2020 and 2019:

| | Options | Weighted- average exercise price | Remaining contractual life (years) | Aggregate Intrinsic Value |
|---------------------------------------|-----------|---|---|---------------------------------|
| Options outstanding at June 30, 2018 | 1,718,270 | \$ 17.29 | 5.9 | \$ 18,664 |
| Granted | 40,500 | 27.51 | — | — |
| Exercised | 69,111 | 14.53 | — | — |
| Forfeited | 20,300 | 23.39 | — | — |
| Expired | 945 | 23.82 | — | — |
| Options outstanding at March 31, 2019 | 1,668,414 | \$ 17.57 | 5.3 | \$ 13,098 |
| Exercisable at March 31, 2019 | 1,290,814 | \$ 15.39 | 4.4 | \$ 12,733 |
| Non-vested at March 31, 2019 | 377,600 | \$ 25.04 | 8.5 | \$ 365 |
| Options outstanding at June 30, 2019 | 1,657,214 | \$ 17.59 | 5.0 | \$ 12,909 |
| Granted | 61,000 | 26.40 | — | — |
| Exercised | 106,914 | 14.41 | — | — |
| Forfeited | 800 | 17.35 | — | — |
| Options outstanding at March 31, 2020 | 1,610,500 | \$ 18.13 | 4.6 | \$ 1,617 |
| Exercisable at March 31, 2020 | 1,298,000 | \$ 15.45 | 3.7 | \$ 1,617 |
| Non-vested at March 31, 2020 | 312,500 | \$ 25.86 | 8.2 | \$ — |

Assumptions used in estimating the fair value of options granted during the nine months ended March 31, 2020 and 2019 are presented below:

| | March 31, 2020 | March 31, 2019 |
|--|-------------------|-------------------|
| Weighted-average volatility | 17.77% | 17.84% |
| Expected dividend yield | 0.98% | 0.87% |
| Risk-free interest rate | 1.50% | 2.54% |
| Expected life (years) | 6.5 | 6.5 |
| Weighted-average fair value of options granted | \$ 4.79 | \$ 5.88 |

At March 31, 2020, the Company had \$1,853 of unrecognized compensation expense related to 312,500 stock options originally scheduled to vest over a five-year vesting period. The weighted average period over which compensation cost related to non-vested awards expected to be recognized was 2.0 years at March 31, 2020. At March 31, 2019, the Company had \$2,326 of unrecognized compensation expense related to 377,600 stock options originally scheduled to vest over five- and seven-year vesting periods. The weighted average period over which compensation cost related to non-vested awards expected to be recognized was 2.1 years at March 31, 2019.

The table below presents restricted stock award activity for the nine months ended March 31, 2020 and 2019:

| | Restricted stock awards | Weighted- average grant date fair value | Aggregate Intrinsic Value |
|------------------------------|----------------------------|---|---------------------------------|
| Non-vested at June 30, 2018 | 133,410 | \$ 22.85 | \$ 3,755 |
| Granted | 34,000 | 27.51 | — |
| Vested | 39,310 | 21.64 | — |
| Forfeited | 4,300 | 19.22 | — |
| Non-vested at March 31, 2019 | 123,800 | \$ 24.64 | \$ 2,263 |
| Non-vested at June 30, 2019 | 123,800 | \$ 24.65 | \$ 3,322 |
| Granted | 65,556 | 26.76 | — |
| Vested | 37,425 | 22.90 | — |

| | | | |
|------------------------------|----------------|-----------------|-----------------|
| Forfeited | 3,200 | 20.62 | — |
| Non-vested at March 31, 2020 | <u>148,731</u> | <u>\$ 26.11</u> | <u>\$ 2,638</u> |

HOMETRUST BANCSHARES, INC. AND SUBSIDIARY

Notes to Consolidated Financial Statements

(Dollars in thousands, except per share data)

The table above includes nonvested performance-based restrictive stock units totaling 21,625 and 10,375 at March 31, 2020 and 2019, respectively. Each issuance of these stock units are scheduled to vest over 3.0 years assuming certain performance metrics are met.

At March 31, 2020, unrecognized compensation expense was \$3,736 related to 148,731 shares of restricted stock originally scheduled to vest over three- and five-year vesting periods. The weighted average period over which compensation cost related to non-vested awards is expected to be recognized was 2.0 years at March 31, 2020. At March 31, 2019, unrecognized compensation expense was \$2,790 related to 123,800 shares of restricted stock originally scheduled to vest over five- and seven-year vesting periods. The weighted average period over which compensation cost related to non-vested awards is expected to be recognized was 2.1 years at March 31, 2019.

9. Commitments and Contingencies

Loan Commitments – Legally binding commitments to extend credit are agreements to lend to a customer as long as there is no violation of any condition established in the contract. Commitments generally have fixed expiration dates or other termination clauses and may require payment of a fee. Since many commitments may expire without being drawn upon, the total commitment amounts do not necessarily represent future cash requirements. In the normal course of business, there are various outstanding commitments to extend credit that are not reflected in the consolidated financial statements. At March 31, 2020 and June 30, 2019, respectively, loan commitments (excluding \$161,655 and \$181,477 of undisbursed portions of construction loans) totaled \$54,884 and \$93,432 of which \$13,013 and \$34,631 were variable rate commitments and \$41,871 and \$58,801 were fixed rate commitments. The fixed rate loans had interest rates ranging from 1.69% to 8.53% at March 31, 2020 and 2.69% to 8.59% at June 30, 2019, and terms ranging from three to 30 years. Pre-approved but unused lines of credit (principally second mortgage home equity loans and overdraft protection loans) totaled \$374,401 and \$353,663 at March 31, 2020 and June 30, 2019, respectively. These amounts represent the Company's exposure to credit risk, and in the opinion of management have no more than the normal lending risk that the Company commits to its borrowers. The Company has two types of commitments related to certain one-to-four family loans held for sale: rate lock commitments and forward loan commitments. Rate lock commitments are commitments to extend credit to a customer that has an interest rate lock and are considered derivative instruments. The rate lock commitments do not qualify for hedge accounting. In order to mitigate the risk from interest rate fluctuations, we enter into forward loan sale commitments on a "best efforts" basis, which do not meet the definition of a derivative instrument. The fair value of these interest rate lock commitments was not material at March 31, 2020 or June 30, 2019.

The Company grants construction and permanent loans collateralized primarily by residential and commercial real estate to customers throughout its primary market areas. In addition, the Company grants equipment financing throughout the eastern United States and municipal financing to customers throughout North and South Carolina. The Company's loan portfolio can be affected by the general economic conditions within these market areas. Management believes that the Company has no significant concentration of credit in the loan portfolio.

Restrictions on Cash – In response to COVID-19, the FRB reduced the reserve requirements to zero on March 15, 2020. Prior to this change the Bank was required by regulation to maintain a varying cash reserve balance with the FRB. The daily average calculated cash reserve required as of March 31, 2020 and June 30, 2019 was \$0, and \$2,633, respectively, which was satisfied by vault cash and balances held at the FRB.

Guarantees – Standby letters of credit obligate the Company to meet certain financial obligations of its customers, if, under the contractual terms of the agreement, the customers are unable to do so. The financial standby letters of credit issued by the Company are irrevocable and payment is only guaranteed upon the borrower's failure to perform its obligations to the beneficiary. Total commitments under standby letters of credit as of March 31, 2020 and June 30, 2019 were \$6,833 and \$9,460, respectively. There was no liability recorded for these letters of credit at March 31, 2020 or June 30, 2019, respectively.

Litigation – From time to time, the Company is involved in litigation matters in the ordinary course of business. These proceedings and the associated legal claims are often contested, and the outcome of individual matters is not always predictable. These claims and counter claims typically arise during the course of collection efforts on problem loans or with respect to actions to enforce liens on properties in which the Company holds a security interest. The Company is not a party to any pending legal proceedings that management believes would have a material adverse effect on the Company's financial condition or results of operations.

10. Fair Value of Financial Instruments

The Company utilizes fair value measurements to record fair value adjustments to certain assets and to determine fair value disclosures. Securities available for sale are recorded at fair value on a recurring basis. Additionally, from time to time, the Company may be required to record at fair value other assets on a nonrecurring basis, such as impaired loans. These nonrecurring fair value adjustments typically involve application of lower of cost or market accounting or write-downs of individual assets. The fair value of financial instruments presented in this note are based on the same methodology as presented in Note 21 of the Notes to Consolidated Financial Statements contained in the Company's 2019 Form 10-K.

Fair Value Hierarchy

The Company groups assets at fair value in three levels, based on the markets in which the assets are traded and the reliability of the assumptions used to determine fair value. These levels are:

Level 1: Valuation is based upon quoted prices for identical instruments traded in active markets.

Level 2: Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.

HOMETRUST BANCSHARES, INC. AND SUBSIDIARY

Notes to Consolidated Financial Statements

(Dollars in thousands, except per share data)

Level Valuation is generated from model-based techniques that use at least one significant assumption not observable in the market. These unobservable 3: assumptions reflect estimates of assumptions that market participants would use in pricing the asset. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques.

Following is a description of valuation methodologies used for assets recorded at fair value. The Company does not have any liabilities recorded at fair value.

Investment Securities Available for Sale

Securities available for sale are valued on a recurring basis at quoted market prices where available. If quoted market prices are not available, fair values are based on quoted prices of comparable securities. Level 1 securities include those traded on an active exchange, such as the New York Stock Exchange or U.S. Treasury securities that are traded by dealers or brokers in active over-the-counter markets and money market funds. Level 2 securities include mortgage-backed securities and debentures issued by government sponsored enterprises, municipal bonds, and corporate debt securities. The Company has no Level 3 securities.

Impaired Loans

The Company does not record loans at fair value on a recurring basis. From time to time, however, a loan is considered impaired and an allowance for loan losses is established. Loans for which it is probable that payment of interest and principal will not be made in accordance with the contractual terms of the loan agreement are considered impaired. The Company reviews all impaired loans each quarter to determine if an allowance is necessary. Those impaired loans not requiring an allowance represent loans for which the fair value of the expected repayments or collateral exceed the recorded investments in such loans.

Once a loan is identified as individually impaired, the fair value is estimated using one of two methods, which include collateral value and discounted cash flows. Loans are considered collateral dependent if repayment is expected solely from the collateral. For these collateral dependent impaired loans, the Company obtains updated appraisals at least annually. These appraisals are reviewed for appropriateness and then discounted for estimated closing costs to determine if an allowance is necessary. As part of the quarterly review of impaired loans, the Company reviews these appraisals to determine if any additional discounts to the fair value are necessary. If a current appraisal is not obtained, the Company determines whether a discount is needed to the value from the original appraisal based on the decline in value of similar properties with recent appraisals. For loans that are not collateral dependent, estimated fair value is based on the present value of expected future cash flows using the interest rate implicit in the original agreement. Impaired loans where a charge-off has occurred or an allowance is established during the period being reported require classification in the fair value hierarchy. The Company records such impaired loans as nonrecurring Level 3 in the fair value hierarchy.

Loans Held for Sale

Loans held for sale are adjusted to lower of cost or fair value. Fair value is based on commitments on hand from investors or, if commitments have not yet been obtained, what investors are currently offering for loans with similar characteristics. The Company considers all loans held for sale carried at fair value as nonrecurring Level 3.

Real Estate Owned

REO is considered held for sale and is adjusted to fair value less estimated selling costs upon transfer of the loan to foreclosed assets. Fair value is based upon independent market prices, appraised value of the collateral or management's estimation of the value of the collateral. The Company considers all REO that has been charged off or received an allowance during the period as nonrecurring Level 3.

Financial Assets Recorded at Fair Value on a Recurring Basis

The following table presents financial assets measured at fair value on a recurring basis at the dates indicated:

| Description | March 31, 2020 | | | |
|--|-------------------|-------------|-------------------|-------------|
| | Total | Level 1 | Level 2 | Level 3 |
| U.S Government Agencies | \$ 6,842 | \$ — | \$ 6,842 | \$ — |
| Residential MBS of U.S. Government Agencies and GSEs | 51,752 | — | 51,752 | — |
| Municipal Bonds | 21,703 | — | 21,703 | — |
| Corporate Bonds | 78,324 | — | 78,324 | — |
| Total | \$ 158,621 | \$ — | \$ 158,621 | \$ — |

| Description | June 30, 2019 | | | |
|--|-------------------|-------------|-------------------|-------------|
| | Total | Level 1 | Level 2 | Level 3 |
| U.S Government Agencies | \$ 15,210 | \$ — | \$ 15,210 | \$ — |
| Residential MBS of U.S. Government Agencies and GSEs | 75,180 | — | 75,180 | — |
| Municipal Bonds | 25,312 | — | 25,312 | — |
| Corporate Bonds | 6,084 | — | 6,084 | — |
| Total | \$ 121,786 | \$ — | \$ 121,786 | \$ — |

There were no transfers between levels during the nine months ended March 31, 2020.

The following table presents financial assets measured at fair value on a non-recurring basis at the dates indicated:

| Description | March 31, 2020 | | | |
|----------------|-----------------|-------------|-------------|-----------------|
| | Total | Level 1 | Level 2 | Level 3 |
| Impaired loans | \$ 6,099 | \$ — | \$ — | \$ 6,099 |
| REO | 493 | — | — | 493 |
| Total | \$ 6,592 | \$ — | \$ — | \$ 6,592 |

| Description | June 30, 2019 | | | |
|----------------|------------------|-------------|-------------|------------------|
| | Total | Level 1 | Level 2 | Level 3 |
| Impaired loans | \$ 9,071 | \$ — | \$ — | \$ 9,071 |
| REO | 1,804 | — | — | 1,804 |
| Total | \$ 10,875 | \$ — | \$ — | \$ 10,875 |

Quantitative information about Level 3 fair value measurements during the period ended March 31, 2020 is shown in the table below:

| | Fair Value at March 31, 2020 | Valuation Techniques | Unobservable Input | Range | Weighted Average |
|-----------------------------------|---------------------------------|---|--|---------------------|---------------------|
| Nonrecurring measurements: | | | | | |
| Impaired loans, net | \$ 6,099 | Discounted appraisals and discounted cash flows | Collateral discounts and discount spread | 0% - 63% 0% - 3% | 20% |
| REO | \$ 493 | Discounted appraisals | Collateral discounts | 8% - 25% | 12% |

| Borrowings | 680,000 | 688,418 | — | 688,418 | — |
| Accrued interest payable | 2,252 | 2,252 | — | 2,252 | — |

The Company had off-balance sheet financial commitments, which included approximately \$590,940 and \$628,572 of commitments to originate loans, undisbursed portions of interim construction loans, and unused lines of credit at March 31, 2020 and June 30, 2019, respectively (see Note 9). Since these commitments are based on current rates, the carrying amount approximates the fair value.

Estimated fair values were determined using the following methods and assumptions:

Cash and interest-bearing deposits – The stated amounts approximate fair values as maturities are less than 90 days.

HOMETRUST BANCSHARES, INC. AND SUBSIDIARY
Notes to Consolidated Financial Statements
(Dollars in thousands, except per share data)

Commercial paper – The stated amounts approximate fair value due to the short-term nature of these investments.

Certificates of deposit in other banks – The stated amounts approximate fair values.

Securities available for sale – Fair values are based on quoted market prices where available. If quoted market prices are not available, fair values are based on quoted market prices of comparable instruments.

Loans held for sale – The fair value of mortgage loans held for sale is determined by outstanding commitments from investors on a "best efforts" basis or current investor yield requirements, calculated on the aggregate loan basis. The fair value of SBA loans held for sale is based on what investors are currently offering for loans with similar characteristics.

Loans, net – Fair values for loans are estimated by segregating the portfolio by type of loan and discounting scheduled cash flows using current market interest rates for loans with similar terms and credit quality. A prepayment assumption is used as an estimate of the portion of loans that will be repaid prior to their scheduled maturity. A liquidity premium assumption is used as an estimate for the additional return required by an investor of assets that are potentially considered illiquid.

FHLB and FRB stock – No ready market exists for these stocks and they have no quoted market value. However, redemptions of these securities have historically been at par value. Accordingly, cost is deemed to be a reasonable estimate of fair value.

SBIC investments – No ready market exists for these investments and they have no quoted market value. SBIC investments are valued at cost, less any impairment, plus or minus changes resulting from observable price changes in orderly transactions of identical or similar investments. Accordingly, cost is deemed to be a reasonable estimate of fair value.

Deposits – Fair values for demand deposits, money market accounts, and savings accounts are the amounts payable on demand. The fair value of certificates of deposit is estimated by discounting the contractual cash flows using current market interest rates for accounts with similar maturities.

Borrowings – The fair value of advances from the FHLB is estimated based on current rates for borrowings with similar terms.

Accrued interest receivable and payable – The stated amounts of accrued interest receivable and payable approximate the fair value.

Limitations – Fair value estimates are made at a specific point in time, based on relevant market information and information about the financial instrument. These estimates do not reflect any premium or discount that could result from offering for sale at one time the Company's entire holdings of a particular financial instrument. Because no market exists for a significant portion of the Company's financial instruments, fair value estimates are based on judgments regarding future expected loss experience, current economic conditions, risk characteristics of various financial instruments, and other factors. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and therefore cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

Fair value estimates are based on existing on-and-off balance sheet financial instruments without attempting to estimate the value of anticipated future business and the value of assets and liabilities that are not considered financial instruments. For example, a significant asset not considered a financial asset is premises and equipment. In addition, tax ramifications related to the realization of the unrealized gains and losses can have a significant effect on fair value estimates and have not been considered in any of the estimates.

11. Leases

As Lessee - Operating Leases

Company operating leases primarily include office space and bank branches. Certain leases include one or more options to renew, with renewal terms that can extend the lease term up to 15 additional years. The exercise of lease renewal options is at our sole discretion. When it is reasonably certain that we will exercise our option to renew or extend the lease term, that option is included in estimating the value of the ROU and lease liability. At March 31, 2020, we did not have any leases that had not yet commenced for which we had created a ROU asset and a lease liability. Our lease agreements do not contain any material residual value guarantees or material restrictive covenants. Most of our lease agreements include periodic rate adjustments for inflation. The depreciable life of ROU assets and leasehold improvements are limited to the shorter of the useful life or the expected lease term. Leases with an initial term of 12 months or less are not recorded on our Consolidated Balance Sheets; we recognize lease expenses for these leases over the lease term.

HOMETRUST BANCSHARES, INC. AND SUBSIDIARY
Notes to Consolidated Financial Statements
(Dollars in thousands, except per share data)

The following tables present supplemental balance sheet information related to operating leases. ROU assets are included in other assets and lease liabilities are included in other liabilities.

| Supplemental Balance Sheet Information: | March 31, 2020 |
|---|----------------|
| ROU assets | \$ 4,585 |
| Lease liabilities | 4,576 |
| Weighted-average remaining lease terms | 5.09 |
| Weighted-average discount rate | 2.68% |

The following schedule summarizes aggregate future minimum lease payments under these operating leases at March 31, 2020:

| Fiscal year ending June 30: | |
|---|-----------------|
| Remaining 2020 | \$ 336 |
| 2021 | 1,130 |
| 2022 | 1,034 |
| 2023 | 997 |
| 2022 | 526 |
| Thereafter | 896 |
| Total of future minimum payments | \$ 4,919 |

The following table presents components of operating lease expense for the three and nine months ended March 31, 2020:

| | Three Months Ended March 31, 2020 | Nine Months Ended March 31, 2020 |
|---|--------------------------------------|-------------------------------------|
| Operating lease cost (included in occupancy expense) | \$ 436 | \$ 1,368 |
| Sublease income (included in other, net noninterest income) | (61) | (181) |
| Total operating lease expense, net | 375 | 1,187 |

As Lessee - Finance Lease

The Company currently leases land for one of its branch office locations under a finance lease. The ROU asset for the finance lease totaled \$2,052 at March 31, 2020 and is included in other assets. The amount was previously recorded in premises and equipment, net. The corresponding lease liability totaled \$1,852 at March 31, 2020 and is included in other liabilities. For the three and nine months ended March 31, 2020, interest expense on the lease liability totaled \$24 and \$73, respectively. The finance lease has a maturity date of July 2028 and a discount rate of 5.18%. Upon adoption of ASC 842, the capital lease obligation for June 30, 2019 was also reclassified to other liabilities.

The following schedule summarizes aggregate future minimum lease payments under this finance lease obligation at March 31, 2020:

| Fiscal year ending June 30: | |
|--|-----------------|
| Remaining 2020 | \$ 34 |
| 2021 | 134 |
| 2022 | 134 |
| 2023 | 134 |
| 2023 | 145 |
| Thereafter | 1,993 |
| Total minimum lease payments | 2,574 |
| Less: amount representing interest | (722) |
| Present value of net minimum lease payments | \$ 1,852 |

Supplemental lease cash flow information for the nine months ended March 31, 2020:

| | |
|---|----------|
| ROU assets - noncash additions (operating leases) | \$ 5,296 |
| ROU assets - noncash addition (finance lease) | 2,052 |
| Cash paid for amounts included in the measurement of lease liabilities (operating leases) | 1,609 |
| Cash paid for amounts included in the measurement of lease liabilities (finance leases) | 67 |

HOMETRUST BANCSHARES, INC. AND SUBSIDIARY

Notes to Consolidated Financial Statements

(Dollars in thousands, except per share data)

As Lessor - General

The Company leases equipment to commercial end users under operating and finance lease arrangements. Our equipment finance leases consist mainly of transportation, medical, and agricultural equipment. Many of our operating and finance leases offer the lessee the option to purchase the equipment at fair value or for a nominal fixed purchase option; and most of the leases that do not have a nominal purchase option include renewal provisions resulting in some leases continuing beyond initial contractual terms. Our leases do not include early termination options, and continued rent payments are due if leased equipment is not returned at the end of the lease.

As Lessor - Operating Leases

Operating lease income is recognized as a component of noninterest income on a straight-line basis over the lease term. Lease terms range from 1 to 5 years. Assets related to operating leases are included in other assets and the corresponding depreciation expense is recorded on a straight-line basis as a component of other noninterest expense. Leased assets totaled \$19,403 with a residual value of \$10,971 as of March 31, 2020. For the three and nine months ended March 31, 2020, total equipment finance operating lease income totaled \$989 and \$2,215, respectively. For the three and nine months ended March 31, 2020, depreciation expense totaled \$746 and \$1,554, respectively.

The following schedule summarizes aggregate future minimum operating lease payments to be received at March 31, 2020:

| Fiscal year ending June 30: | |
|---|------------------|
| Remaining 2020 | \$ 1,136 |
| 2021 | 7,729 |
| 2022 | 7,172 |
| 2023 | 2,865 |
| 2024 | 2,187 |
| Thereafter | 135 |
| Total of future minimum payments | \$ 21,224 |

As Lessor - Finance Leases

Finance lease income is recognized as a component of loan interest income over the lease term. The finance leases are included as a component of the equipment finance class of financing receivables under the commercial loan segment. For the three and nine months ended March 31, 2020, total interest income on equipment finance leases totaled \$420 and 1,121, respectively.

The following table presents components of finance lease net investment included within equipment finance class of financing receivables:

| | March 31, 2020 |
|-------------------|----------------|
| Lease receivables | \$ 34,282 |

The following schedule summarizes aggregate future minimum finance lease payments to be received at March 31, 2020:

| Fiscal year ending June 30: | |
|------------------------------------|------------------|
| Remaining 2020 | \$ 1,928 |
| 2021 | 9,374 |
| 2022 | 8,340 |
| 2023 | 8,195 |
| 2024 | 7,237 |
| Thereafter | 2,990 |
| Total minimum payments | 38,064 |
| Less: amount representing interest | (3,782) |
| Total | \$ 34,282 |

12. Subsequent Event

On March 11, 2020, the World Health Organization declared the outbreak of COVID-19 as a global pandemic. The COVID-19 pandemic has adversely affected, and continues to adversely affect, economic activity globally, nationally and locally. Actions taken around the world to help mitigate the spread of COVID-19 include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. COVID-19 and actions taken to mitigate the spread of it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the U.S. and the geographical area in which the Company operates. Due to the COVID-19 pandemic, market interest rates have declined significantly, with the 10-year Treasury bond falling below 1.00 percent on March 3, 2020 for the first time as well as the targeted federal funds interest rate being reduced to 0 percent to 0.25 percent on March 16, 2020. These reductions in interest rates and other effects of the COVID-19 pandemic may adversely affect the Company's financial condition and results of operations in future periods. It is unknown how long the adverse conditions associated with the COVID-19 pandemic will last and what the complete financial effect will be to the Company. It is reasonably possible that estimates made in the financial statements could be materially and adversely impacted in the near term as a result of these conditions, including expected credit losses on loans and the fair value of financial instruments that are carried at fair value.

The recently enacted CARES Act, among other things, temporarily added the PPP product SBA 7(a) Loan Program. The CARES Act provides for forgiveness of up to the full principal amount of qualifying loans guaranteed under the PPP. The PPP and loan forgiveness are intended to provide economic relief to small businesses nationwide adversely impacted by the COVID-19 pandemic. As a result, subsequent to March 31, 2020 the Company generated over 318 PPP loan applications for a total loan amount of approximately \$93.3 million in the SBA system through May 5, 2020. In addition, in an effort to provide relief to Bank customers affected by the COVID-19, the Company began offering various mitigation efforts, including a loan payment deferral program. The standard program offers a 90-day payment deferral. As of May 5, 2020, the Company has approved or processed loan deferrals for a total loan book balance, before loan discounts or premiums, of approximately \$526.9 million. These modifications were not classified as TDRs in accordance with the guidance of the CARES Act.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Forward-Looking Statements

Certain matters in this Form 10-Q constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements relate to our financial condition, results of operations, plans, objectives, future performance or business. Forward-looking statements are not statements of historical fact, are based on certain assumptions and are generally identified by use of the words "believes," "expects," "anticipates," "estimates," "forecasts," "intends," "plans," "targets," "potentially," "probably," "projects," "outlook" or similar expressions or future or conditional verbs such as "may," "will," "should," "would," and "could." Forward-looking statements include statements with respect to our beliefs, plans, objectives, goals, expectations, assumptions, and statements about future economic performance and projections of financial items. These forward-looking statements are subject to known and unknown risks, uncertainties and other factors that could cause actual results to differ materially from the results anticipated or implied by our forward-looking statements, including, but not limited to: the effect of the COVID-19 pandemic, including on the Company's credit quality and business operations, as well as its impact on general economic and financial market conditions and other uncertainties resulting from the COVID-19 pandemic, such as the extent and duration of the impact on public health, the U.S. and global economies, and consumer and corporate customers, including economic activity, employment levels and market liquidity; the credit risks of lending activities, including changes in the level and trend of loan delinquencies and write offs and changes in our allowance for loan losses and provision for loan losses that may be impacted by deterioration in the housing and commercial real estate markets; changes in general economic conditions, either nationally or in our market areas; changes in the levels of general interest rates, and the relative differences between short and long term interest rates, deposit interest rates, our net interest margin and funding sources; uncertainty regarding the future of the London Interbank Offered Rate ("LIBOR"), and the potential transition away from LIBOR toward new interest rate benchmarks; fluctuations in the demand for loans, the number of unsold homes, land and other properties and fluctuations in real estate values in our market areas; decreases in the secondary market for the sale of loans that we originate; results of examinations of us by the Board of Governors of the Federal Reserve System ("Federal Reserve"), the NCCOB, or other regulatory authorities, including the possibility that any such regulatory authority may, among other things, require us to increase our allowance for loan losses, write-down assets, change our regulatory capital position or affect our ability to borrow funds or maintain or increase deposits, which could adversely affect our liquidity and earnings; legislative or regulatory changes that adversely affect our business including the effect of Dodd-Frank Wall Street Reform and Consumer Protection Act, changes in laws or regulations, changes in regulatory policies and principles or the application or interpretation of laws and regulations by regulatory agencies and tax authorities, including changes in deferred tax asset and liability activity, or the interpretation of regulatory capital or other rules, including as a result of Basel III; our ability to attract and retain deposits; management's assumptions in determining the adequacy of the allowance for loan losses; our ability to control operating costs and expenses, especially costs associated with our operation as a public company; the use of estimates in determining fair value of certain assets, which estimates may prove to be incorrect and result in significant declines in valuation; difficulties in reducing risks associated with the loans on our balance sheet; staffing fluctuations in response to product demand or the implementation of corporate strategies that affect our workforce and potential associated charges; disruptions, security breaches, or other adverse events, failures or interruptions in, or attacks on, our information technology systems or on the third-party vendors who perform several of our critical processing functions; our ability to retain key members of our senior management team; costs and effects of litigation, including settlements and judgments; our ability to successfully integrate any assets, liabilities, customers, systems, and management personnel we may in the future acquire into our operations and our ability to realize related revenue synergies and cost savings within expected time frames and any goodwill charges related thereto; increased competitive pressures among financial services companies; changes in consumer spending, borrowing and savings habits; the availability of resources to address changes in laws, rules, or regulations or to respond to regulatory actions; adverse changes in the securities markets; inability of key third-party providers to perform their obligations to us; changes in accounting principles, policies or guidelines and practices, as may be adopted by the financial institution regulatory agencies, the Public Company Accounting Oversight Board or the Financial Accounting Standards Board; and other economic, competitive, governmental, regulatory, and technological factors affecting our operations, pricing, products and services including the CARES Act; and the other risks detailed from time to time in our filings with the SEC, including our 2019 Form 10-K.

Many of the forward-looking statements are based upon management's beliefs and assumptions at the time they are made. We undertake no obligation to publicly update or revise any forward-looking statements included in this report or to update the reasons why actual results could differ from those contained in such statements, whether as a result of new information, future events or otherwise. In light of these risks, uncertainties and assumptions, the forward-looking statements discussed in this report might not occur and you should not put undue reliance on any forward-looking statements.

As used throughout this report, the terms "we", "our", "us", "HomeTrust Bancshares" or the "Company" refer to HomeTrust Bancshares, Inc. and its consolidated subsidiary, including HomeTrust Bank (the "Bank") unless the context indicates otherwise.

Overview

HomeTrust Bancshares, Inc., a Maryland corporation, was formed for the purpose of becoming the holding company for HomeTrust Bank in connection with HomeTrust Bank's conversion from mutual to stock form, which was completed on July 10, 2012 (the "Conversion"). As a bank holding company and financial holding company, HomeTrust Bancshares, Inc. is regulated by the Federal Reserve. As a North Carolina state-chartered bank, and member of the FRB, the Bank's primary regulators are the NCCOB and the Federal Reserve. The Bank's deposits are federally insured up to applicable limits by the FDIC. The Bank is a member of the FHLB of Atlanta, which is one of the 12 regional banks in the FHLB System. Our headquarters is located in Asheville, North Carolina.

Our principal business consists of attracting deposits from the general public and investing those funds, along with borrowed funds, in loans secured by first and second mortgages on one-to-four family residences, including home equity loans and construction and land/lot loans,

commercial real estate loans, construction and development loans, commercial and industrial loans, SBA loans, equipment finance leases, indirect automobile loans, and municipal finance agreements. We also work with a third party to originate HELOCs which are pooled and sold. In addition, we purchase investment securities consisting primarily of securities issued by United States Government agencies and government-sponsored enterprises, as well as, corporate bonds, commercial paper and FDIC insured certificates of deposit.

We offer a variety of deposit accounts for individuals, businesses, and nonprofit organizations. Deposits and borrowings are our primary source of funds for our lending and investing activities.

We are significantly affected by prevailing economic conditions, as well as government policies and regulations concerning, among other things, monetary and fiscal affairs, housing and financial institutions. Deposit flows are influenced by a number of factors, including interest rates paid on competing time deposits, other investments, account maturities, and the overall level of personal income and savings. Lending activities are influenced by the demand for funds, the number and quality of lenders, and regional economic cycles.

Our primary source of pre-tax income is net interest income. Net interest income is the difference between interest income, which is the income that we earn on our loans and investments, and interest expense, which is the interest that we pay on our deposits and borrowings. Changes in levels of interest rates affect our net interest income. Because the length of the COVID-19 pandemic and the efficacy of the extraordinary measures being put in place to address its economic consequences are unknown, including the recent 150 basis point reductions in the targeted federal funds rate, until the pandemic subsides, the Company expects its net interest income and net interest margin will be adversely affected in 2020 and possibly longer.

A secondary source of income is noninterest income, which includes revenue we receive from providing products and services, including service charges on deposit accounts, loan income and fees, lease income, gain on sale of loans, and gains and losses from sales of securities.

An offset to net interest income is the provision for loan losses which is required to establish the allowance for loan losses at a level that adequately provides for probable losses inherent in our loan portfolio. As a loan's risk rating improves, property values increase, or recoveries of amounts previously charged off are received, a recapture of previously recognized provision for loan losses may be added to net interest income.

Our noninterest expenses consist primarily of salaries and employee benefits, expenses for occupancy, marketing and computer services, and FDIC deposit insurance premiums. Salaries and benefits consist primarily of the salaries and wages paid to our employees, payroll taxes, expenses for retirement and other employee benefits. Occupancy expenses, which are the fixed and variable costs of buildings and equipment, consist primarily of lease payments, property taxes, depreciation charges, maintenance and costs of utilities.

In recent years, we have expanded our geographic footprint into seven additional markets through strategic acquisitions as well as two de novo commercial loan offices and one de novo branch office. Looking forward, we believe opportunities currently exist within our market areas to grow our franchise. We anticipate organic growth as the local economies and loan demand strengthen, through our marketing efforts and as a result of the opportunities being created as a result of the consolidation of financial institutions occurring in our market areas. We may also seek to expand our franchise through the selective acquisition of individual branches, loan purchases and, to a lesser degree, whole bank transactions that meet our investment and market objectives. We will continue to be disciplined as it pertains to future expansion focusing primarily on organic growth in our current market areas.

At March 31, 2020, we had 41 locations in North Carolina (including the Asheville metropolitan area, the "Piedmont" region, Charlotte, and Raleigh/Cary), Upstate South Carolina (Greenville), East Tennessee (including Kingsport/Johnson City/Bristol, Knoxville, and Morristown) and Southwest Virginia (including the Roanoke Valley).

Critical Accounting Policies and Estimates

Certain of our accounting policies are important to the portrayal of our financial condition, since they require management to make difficult, complex or subjective judgments, some of which may relate to matters that are inherently uncertain. Estimates associated with these policies are susceptible to material changes as a result of changes in facts and circumstances. Facts and circumstances which could affect these judgments include, but are not limited to, changes in interest rates, changes in the performance of the economy, and changes in the financial condition of borrowers. These policies relate to (i) the determination of the provision and the allowance for loan losses, (ii) the valuation of goodwill and other intangible assets, and (iii) the valuation of or recognition of deferred tax assets and liabilities. These policies and estimates are described in further detail in Part II, Item 7 Management's Discussion and Analysis of Financial Condition and Results of Operations and Note 1, Summary of Significant Accounting Policies in the Company's 2019 Form 10-K. There have not been any material changes in the Company's critical accounting policies and estimates during the nine months ended March 31, 2020 as compared to the disclosure contained in the Company's 2019 Form 10-K.

Reclassifications and corrections. To maintain consistency and comparability, certain amounts from prior periods have been reclassified to conform to current period presentation with no effect on net income, shareholders' equity, or cash flows as previously reported.

Recent Accounting Pronouncements. See Note 2 of Notes to Consolidated Financial Statements under Item 1 of this report for a description of recent accounting pronouncements including the respective dates of adoption and effects on results of operations and financial condition.

Non-GAAP Financial Measures

In addition to results presented in accordance with GAAP, this report contains certain non-GAAP financial measures, which include: tangible book value; tangible book value per share, tangible equity to tangible assets ratio; and the ratio of the allowance for loan losses to total loans excluding acquired loans. Management has presented the non-GAAP financial measures in this discussion and analysis because it believes including these items is more indicative of and provides useful and comparative information to assess trends in our core operations while facilitating comparison of the quality and composition of the Company's earnings over time and in comparison to its competitors. However, these non-GAAP financial measures are supplemental, are not audited and are not a substitute for operating results or any analysis determined in accordance with GAAP. Where applicable, we have also presented comparable earnings information using GAAP financial measures. Because not all companies use the same calculations, our presentation may not be comparable to other similarly titled measures as calculated by other companies. See "Comparison of Results of Operations for the Three and Nine Months Ended March 31, 2020 and 2019" for more detailed information about our financial performance.

Set forth below is a reconciliation to GAAP of tangible book value and tangible book value per share:

| | As of | | |
|--|-------------------|------------------|-------------------|
| | March 31, 2020 | June 30, 2019 | March 31, 2019 |
| (Dollars in thousands, except per share data) | | | |
| Total stockholders' equity | \$ 405,440 | \$ 408,896 | \$ 407,230 |
| Less: goodwill, core deposit intangibles, net of taxes | 26,701 | 27,562 | 27,908 |
| Tangible book value ⁽¹⁾ | \$ 378,739 | \$ 381,334 | \$ 379,322 |
| Common shares outstanding | 17,101,954 | 17,984,105 | 18,265,535 |
| Tangible book value per share | \$ 22.15 | \$ 21.20 | \$ 20.77 |
| Book value per share | \$ 23.71 | \$ 22.74 | \$ 22.29 |

Set forth below is a reconciliation to GAAP of tangible equity to tangible assets:

| | As of | | |
|--|-------------------|------------------|-------------------|
| | March 31, 2020 | June 30, 2019 | March 31, 2019 |
| (Dollars in thousands) | | | |
| Tangible book value ⁽¹⁾ | \$ 378,739 | \$ 381,334 | \$ 379,322 |
| Total assets | 3,548,033 | 3,476,178 | 3,457,737 |
| Less: goodwill, core deposit intangibles, net of taxes | 26,701 | 27,562 | 27,908 |
| Total tangible assets ⁽²⁾ | \$ 3,521,332 | \$ 3,448,616 | \$ 3,429,829 |
| Tangible equity to tangible assets | 10.76% | 11.06% | 11.06% |

(1) Tangible book value is equal to total stockholders' equity less goodwill and core deposit intangibles, net of related deferred tax liabilities.

(2) Total tangible assets is equal to total assets less goodwill and core deposit intangibles, net of related deferred tax liabilities.

Set forth below is a reconciliation to GAAP of the allowance for loan losses to total loans and the allowance for loan losses as adjusted to exclude acquired loans:

| | As of | | |
|--|-------------------|------------------|-------------------|
| | March 31, 2020 | June 30, 2019 | March 31, 2019 |
| (Dollars in thousands) | | | |
| Total gross loans receivable (GAAP) | \$ 2,662,503 | \$ 2,705,186 | \$ 2,661,019 |
| Less: acquired loans | 176,971 | 214,046 | 223,101 |
| Adjusted gross loans (non-GAAP) | \$ 2,485,532 | \$ 2,491,140 | \$ 2,437,918 |
| Allowance for loan losses (GAAP) | \$ 26,850 | \$ 21,429 | \$ 24,416 |
| Less: allowance for loan losses on acquired loans | 182 | 201 | 201 |
| Adjusted allowance for loan losses (non-GAAP) | \$ 26,668 | \$ 21,228 | \$ 24,215 |
| Adjusted allowance for loan losses / Adjusted gross loans (non-GAAP) | 1.07% | 0.85% | 0.99% |

Recent Developments: COVID-19, the CARES Act, and Our Response

The COVID-19 pandemic has caused economic and social disruption on an unprecedented scale. While some industries have been impacted more severely than others, all businesses have been impacted to some degree. This disruption has resulted in business closures across the country, significant job loss, and aggressive measures by the federal government.

Congress, the President, and the Federal Reserve have taken several actions designed to cushion the economic fallout. Most notably, the CARES Act was signed into law on March 27, 2020 as a \$2.2 trillion legislative package. The goal of the CARES Act is to prevent a severe economic downturn through various measures, including direct financial aid to families and economic stimulus to significantly impacted industry sectors. The package also includes extensive emergency funding for hospitals and healthcare providers. In addition to the general impact of COVID-19, certain provisions of the CARES Act as well as other recent legislative and regulatory relief efforts are expected to have a material impact on our operations. While it is not possible to know the full extent of these impacts as of the date of this filing, we are disclosing potentially material items of which we are aware.

In response to the COVID-19 pandemic, the Company is offering a variety of relief options designed to support our customers and communities we serve.

Paycheck Protection Program Participation. The CARES Act authorized the SBA to temporarily guarantee loans under the new PPP loan program. The goal of the PPP is to avoid as many layoffs as possible, and to encourage small businesses to maintain payrolls. As a qualified SBA lender, the Company was automatically authorized to originate PPP loans upon commencement of the program in April 2020. PPP loans have: (a) an interest rate of 1.0%, (b) a two-year loan term to maturity; and (c) principal and interest payments deferred for six months from the date of disbursement. The SBA guarantees 100% of the PPP loans made to eligible borrowers. The entire principal amount of the borrower's PPP loan, including any accrued interest, is eligible to be forgiven and repaid by the SBA so long as employee and compensation levels of the business are maintained and 75% of the loan proceeds are used for payroll expenses, with the remaining 25% of the loan proceeds used for other qualifying expenses.

As of May 5, 2020, we had received PPP applications totaling \$93.3 million with confirmed allocation from the SBA for 284 applications totaling \$86.7 million. Net origination fees on these loans are approximately \$2.2 million which will be deferred and amortized into interest income as the loans are repaid or forgiven. Due to demand exceeding our capacity, on April 9, 2020 we partnered with a third party to process and fund additional PPP applications for our customers and communities. With the recent approval by Congress of additional funds for this program, applications will continue to be processed through our third party relationship. We intend to utilize the FRB's PPPLF, pursuant to which the Company will pledge its PPP loans as collateral to obtain FRB non-recourse loans. The PPPLF will take the PPP loans as collateral at face value.

Allowance for Loan Losses and Loan Modifications. The Company recorded a provision of \$5.4 million for the third quarter of fiscal 2020 due primarily to the impact of COVID-19 on the economy. As of March 31, 2020, HomeTrust Bank had modified 362 loans totaling \$176.7 million due to COVID-19 related issues. These modifications were not classified as TDRs at March 31, 2020 in accordance with the guidance of the CARES Act. The CARES Act provided that the short-term modification of loans as a result of the COVID-19 pandemic, made on a good faith basis to borrowers who were current as defined under the CARES Act prior to any relief, are not TDRs. This includes short-term (e.g. six months) modifications such as payment deferrals, fee waivers, extensions of repayment terms, or other delays in payment that are insignificant. Borrowers are considered current under the CARES Act if they are less than 30 days past due on their contractual payments as of December 31, 2019.

The Company is closely monitoring the effects of COVID-19 on our loan portfolio and will continue to monitor all the associated risks to minimize any potential losses. We have received, and continue to receive, inquiries and requests from borrowers for some type of payment relief due to the COVID 19-pandemic. In response, HomeTrust Bank is offering payment and financial relief programs for borrowers impacted by COVID-19. These programs include loan payment deferrals for up to 90 days, waived late fees, and, suspension of foreclosure proceedings and repossessions.

All loans modified due to COVID-19 will be separately monitored and any request for continuation of relief beyond the initial modification will be reassessed at that time to determine if a further modification should be granted and if a downgrade in risk rating is appropriate.

Payment Deferrals by Loan Types as of May 5, 2020

(dollars in thousands)

| | Outstanding Loan Balance | Percent of Total Loan Portfolio |
|---|-----------------------------|------------------------------------|
| Commercial real estate, construction and development, and commercial and industrial | \$ 425,656 | 16.0% |
| Equipment finance | 39,906 | 1.5% |
| One-to-four family | 48,463 | 1.8% |
| Other consumer loans | 12,865 | 0.5% |
| Total | \$ 526,890 | 19.8% |

The deferrals are short-term modifications made on a good faith basis in response to COVID-19 to borrowers who were current as of December 31, 2019 and are not to be considered TDRs.

After the deferral period, normal loan payments will continue, however, payments will be applied first to interest until the deferred interest is repaid and thereafter applied to both principal and interest with any deficiency in amortized principal payments added to the balloon payment due at maturity. We believe the steps we are taking are necessary to effectively manage our portfolio and assist our clients through the ongoing uncertainty surrounding the duration, impact and government response to the COVID-19 pandemic.

See "Risk Factors" under Part II, Item 1A for additional risks related to COVID-19.

Branch Operations and Additional Client Support We have taken various steps to ensure the safety of our customers and our team members by limiting branch activities to appointment only and use of our drive-up facilities, and by encouraging the use of our digital and electronic banking channels, all the while adjusting for evolving State and Federal guidelines. Many of our employees are working remotely or have flexible work schedules, and we have established protective measures within our offices to help ensure the safety of those employees who must work on-site.

For customers that may need access to funds in their certificate of deposits to assist with living expenses during the COVID-19 pandemic, we are waiving early withdrawal penalties for withdrawals up to \$25,000. Overdraft and fee reversals are waived on a case-by-case basis.

Comparison of Financial Condition at March 31, 2020 and June 30, 2019

General. Total assets and liabilities remained relatively level at \$3.5 billion and \$3.1 billion, respectively, at March 31, 2020 compared to June 30, 2019. As previously reported in the first quarter of the fiscal year, the Company marketed for sale \$256.8 million in one-to-four family loans, of which \$154.9 million were sold during the second quarter resulting in a \$958,000 after-tax gain. The funds received from the \$154.9 million in one-to-four family loans sold and deposit growth of \$227.5 million, or 9.8% were used to pay down \$145.0 million, or 21.3% of borrowings, fund the \$114.4 million, or 22.7% net increase in cash and cash equivalents, commercial paper, certificates of deposit in other banks, securities available for sale, and loans held for sale for the first nine months of fiscal 2020.

As of July 1, 2019, the Company adopted the new lease accounting standard, which drove several changes on the balance sheet. Land totaling \$2.1 million related to the Company's one finance lease (f/k/a capital lease) was reclassified from premises and equipment, net to other assets as a ROU asset and the corresponding liability was reclassified from a separate line on the balance sheet to other liabilities as a lease liability. The Company's operating leases led to approximately \$4.6 million in ROU assets and corresponding lease liabilities, which are maintained in other assets and other liabilities, respectively.

Cash, cash equivalents, and commercial paper. Total cash and cash equivalents increased \$11.0 million, or 15.5%, to \$82.1 million at March 31, 2020 from \$71.0 million at June 30, 2019. Commercial paper increased \$40.5 million, or 16.8% to \$282.0 million at March 31, 2020 from \$241.4 million at June 30, 2019. Our investments in commercial paper have short-term maturities and limited exposure of \$15.0 million or less per each highly-rated company.

Investments. Debt securities available for sale increased \$36.8 million, or 30.2%, to \$158.6 million at March 31, 2020 from \$121.8 million at June 30, 2019. During the nine months ended March 31, 2020, \$75.5 million of securities were purchased (primarily shorter term corporate bonds) partially offset by \$27.8 million of securities which matured and \$10.9 million of MBS principal payments which were received. The overall increase in shorter-term corporate bonds provides the Company with higher yields compared to MBS and agency securities while remaining within our investment policy. At March 31, 2020, certificates of deposit in other banks increased \$5.5 million, or 10.7% to \$57.5 million compared to \$52.0 million at June 30, 2019. The increase in certificates of deposit in other banks was due to \$24.2 million in CD purchases partially offset by \$18.7 million in maturities. All certificates of deposit in other banks are fully insured by the FDIC. We evaluate individual investment securities quarterly for other-than-temporary declines in market value. We do not believe that there were any other-than-temporary impairments at March 31, 2020; therefore, no impairment losses were recorded during the first nine months of fiscal 2020. Other investments at cost decreased \$4.2 million, or 9.2% to \$41.2 million at March 31, 2020 from \$45.4 million at June 30, 2019. Other investments at cost included FHLB stock, FRB stock, and SBIC investments totaling \$25.9 million, \$7.4 million, and \$8.0 million, respectively. The overall decrease was driven by a \$6.1 million, or 19.1% reduction in FHLB stock as a result of \$145.0 million in borrowings paid down during the first nine months of fiscal 2020.

Loans held for sale. Loans held for sale increased to \$38.7 million at March 31, 2020 from \$18.2 million at June 30, 2019. Approximately \$85.6 million one-to-four family loans being marketed for sale at December 31, 2019 were moved from loans held for sale and back into the loan portfolio during the current quarter as market conditions changed management's intent to sell these loans. The \$20.5 million increase was primarily from HELOCs originated for sale.

Loans. Net loans receivable decreased \$47.1 million, or 1.8%, at March 31, 2020 to \$2.6 billion from June 30, 2019 due to the previously mentioned one-to-four loans moved to held for sale and sold, which was partially offset by \$147.9 million, or 7.6% annualized rate of organic loan growth.

Retail consumer and commercial loans consist of the following at the dates indicated:

| (Dollars in thousands) | As of | | | | Percent of total | |
|------------------------------------|---------------------|---------------------|--------------------|---------------|------------------|---------------|
| | March 31, | June 30, | Change | | March 31, | June 30, |
| | 2020 | 2019 | \$ | % | 2020 | 2019 |
| Retail consumer loans: | | | | | | |
| One-to-four family | \$ 487,777 | \$ 660,591 | \$ (172,814) | (26.2)% | 18.3% | 24.4% |
| HELOCs - originated | 144,804 | 139,435 | 5,369 | 3.9 | 5.4 | 5.2 |
| HELOCs - purchased | 82,232 | 116,972 | (34,740) | (29.7) | 3.1 | 4.3 |
| Construction and land/lots | 80,765 | 80,602 | 163 | 0.2 | 3.0 | 3.0 |
| Indirect auto finance | 135,449 | 153,448 | (17,999) | (11.7) | 5.1 | 5.7 |
| Consumer | 11,576 | 11,416 | 160 | 1.4 | 0.4 | 0.4 |
| Total retail consumer loans | 942,603 | 1,162,464 | (219,861) | (18.9) | 35.3 | 43.0 |
| Commercial loans: | | | | | | |
| Commercial real estate | 990,693 | 927,261 | 63,432 | 6.8 | 37.2 | 34.3 |
| Construction and development | 249,714 | 210,916 | 38,798 | 18.4 | 9.4 | 7.8 |
| Commercial and industrial | 164,539 | 160,471 | 4,068 | 2.5 | 6.2 | 5.9 |
| Equipment finance | 198,962 | 132,058 | 66,904 | 50.7 | 7.5 | 4.9 |
| Municipal leases | 115,992 | 112,016 | 3,976 | 3.5 | 4.4 | 4.1 |
| Total commercial loans | 1,719,900 | 1,542,722 | 177,178 | 11.5 | 64.7 | 57.0 |
| Total loans | \$ 2,662,503 | \$ 2,705,186 | \$ (42,683) | (1.6)% | 100.0% | 100.0% |

Total equipment finance loans at March 31, 2019, were \$199.0 million, an increase of \$66.9 million from June 30, 2019. Our Equipment Finance line of business first began operations in May 2018 and offers companies that are purchasing equipment for their business flexible and customizable repayment terms while managing related tax and accounting issues. These products are primarily made up of commercial finance agreements and commercial loans for transportation, construction, and manufacturing equipment. The loans have terms ranging from 24 to 84 months, with an average of five years and are secured by the financed equipment. Typical transaction sizes range from \$25,000 to \$1.0 million, with an average size of approximately \$200,000.

Asset Quality. Our overall asset quality metrics continue to demonstrate our commitment to growing and maintaining a loan portfolio with a moderate risk profile, however we will remain diligent in our review of the portfolio and overall economy as we continue to maneuver through the uncertainty surrounding COVID-19.

Nonperforming assets increased by \$3.4 million, or 25.6% to \$16.7 million, or 0.47% of total assets, at March 31, 2020 from \$13.3 million, or 0.38% of total assets at June 30, 2019. Nonperforming assets included \$15.6 million in nonaccruing loans and \$1.1 million in REO at March 31, 2020, compared to \$10.4 million and \$2.9 million, in nonaccruing loans and REO, respectively, at June 30, 2019. The increase in nonperforming assets was mainly driven by one large commercial real estate loan relationship that was moved to nonaccrual during the second quarter. Included in nonperforming loans at March 31, 2020 are \$7.2 million of TDR loans of which \$5.8 million were current with respect to their modified payment terms. At March 31, 2020, \$7.7 million, or 49.3%, of nonaccruing loans were current on their loan payments. PCI loans aggregating \$1.0 million obtained through prior acquisitions were excluded from nonaccruing loans due to the accretion of discounts established in accordance with the acquisition method of accounting for business combinations. Nonperforming loans to total loans was 0.59% at March 31, 2020 and 0.38% at June 30, 2019.

The ratio of classified assets to total assets decreased to 0.86% at March 31, 2020 from 0.89% at June 30, 2019. Classified assets decreased to \$30.7 million at March 31, 2020 compared to \$30.9 million at June 30, 2019. Delinquent loans (loans delinquent 30 days or more) increased to \$11.7 million at March 31, 2020, from \$10.1 million at June 30, 2019 which was driven by a \$1.0 million increase in equipment finance contracts.

As of March 31, 2020, we had identified \$30.6 million of impaired loans compared to \$33.0 million at June 30, 2019. Our impaired loans are comprised of loans on nonaccrual status and all TDRs, whether performing or on nonaccrual status under their restructured terms. Impaired loans may be evaluated for reserve purposes using either a specific impairment analysis or on a collective basis as part of homogeneous pools. As of March 31, 2020, there were \$12.5 million loans individually evaluated for impairment and \$18.1 million were collectively evaluated. For more information on these impaired loans, see Note 5 of the Notes to Consolidated Financial Statements under Item 1 of this report.

Allowance for loan losses. We establish an allowance for loan losses by charging amounts to the loan loss provision at a level required to reflect estimated credit losses in the loan portfolio. In evaluating the level of the allowance for loan losses, management considers, among other factors, historical loss experience, the types of loans and the amount of loans in the loan portfolio, adverse situations that may affect borrowers' ability to repay, estimated value of any underlying collateral, prevailing economic conditions and current risk factors specifically related to each loan type.

The allowance for loan losses was \$26.9 million, or 1.01% of total loans, at March 31, 2020 compared to \$21.4 million, or 0.79% of total loans, at June 30, 2019. The allowance for loan losses to gross loans excluding acquired loans was 1.07% at March 31, 2020, compared to 0.85% at June 30, 2019. The overall increase was primarily driven by additional allowance stemming from our initial assessment of COVID-19 on the loan portfolio. The allowance for our acquired loans at March 31, 2020 was \$182,000 compared to \$201,000 at June 30, 2019.

There was a \$5.8 million provision for loan losses for the nine months ended March 31, 2020, compared to \$5.5 million for the corresponding period in fiscal year 2019. The current year provision included significant adjustments relating to COVID-19 as a result of changes in qualitative factors based on our perceived increase in at risk loan sub-categories, which include: lodging, restaurants, shopping centers, other retail businesses, and equipment finance. The provision in the corresponding period in the prior year related to one commercial loan relationship. Net loan charge offs totaled \$379,000 for the nine months ended March 31, 2020, compared to \$2.1 million for the same period in fiscal year 2019. Net charge offs as a percentage of average loans were 0.02% and 0.11% for the nine months ended March 31, 2020 and 2019, respectively.

The allowance as a percentage of nonaccruing loans decreased to 171.40% at March 31, 2020 from 206.90% at June 30, 2019.

We believe that the allowance for loan losses as of March 31, 2020 was adequate to absorb the known and inherent risks of loss in the loan portfolio at that date. While we believe the estimates and assumptions used in our determination of the adequacy of the allowance are reasonable, there can be no assurance that such estimates and assumptions will not be proven incorrect in the future, or that the actual amount of future provisions will not exceed the amount of past provisions or that any increased provisions that may be required will not adversely impact our financial condition and results of operations. In addition, the determination of the amount of the allowance for loan losses is subject to review by bank regulators as part of the routine examination process, which may result in the establishment of additional reserves based upon their judgment of information available to them at the time of their examination. The adoption of ASU 2016-03, "Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments" will significantly change the Company's accounting for the allowance for loan losses. For more information on this ASU, See Note 2 - Recent Accounting Pronouncements of the Notes to Consolidated Financial Statements under Item 1 of this report. Lastly, a further decline in national and local economic conditions, as a result of the COVID-19 pandemic or other factors, could result in a material increase in the allowance for loan losses and may adversely affect the Company's financial condition and results of operations.

Real estate owned. REO decreased \$1.9 million, or 63.3% to \$1.1 million at March 31, 2020 due to \$1.8 million in REO sales during the nine months ended March 31, 2020. The total balance of REO at March 31, 2020 included \$205,000 in single-family homes, \$435,000 in commercial real estate, and \$435,000 in unimproved land.

Deferred income taxes. Deferred income taxes decreased \$4.8 million, or 18.0%, to \$21.8 million at March 31, 2020 from \$26.5 million at June 30, 2019. The decrease was primarily driven by the realization of net operating losses through increases in taxable income.

Goodwill. Goodwill remained unchanged at \$25.6 million at both March 31, 2020 and June 30, 2019.

Other assets. Other assets increased \$18.4 million, or 79.6%, to \$41.6 million at March 31, 2020 from \$23.2 million at June 30, 2019. The increase was driven by the previously mentioned ROU assets on our finance and operating leases and a \$9.4 million increase in operating leases from our newer equipment finance line of business.

Deposits. Deposits increased \$227.5 million, or 9.8% during the nine months ended March 31, 2020 to \$2.6 billion from \$2.3 billion at June 30, 2019 primarily due to deposit growth initiatives which led to a \$175.5 million increase in core deposits as well as a \$52.0 million increase in certificates of deposit.

The following table sets forth our deposits by type of deposit account as of the dates indicated:

| (Dollars in thousands) | As of | | Change | | Percent of total | |
|------------------------------|-------------------|------------------|------------|--------|-------------------|------------------|
| | March 31, 2020 | June 30, 2019 | \$ | % | March 31, 2020 | June 30, 2019 |
| Core deposits: | | | | | | |
| Noninterest-bearing accounts | \$ 322,812 | \$ 294,322 | \$ 28,490 | 9.7 % | 12.6% | 12.6% |
| NOW accounts | 496,561 | 452,295 | 44,266 | 9.8 % | 19.4% | 19.4% |
| Money market accounts | 801,424 | 691,172 | 110,252 | 16.0 % | 31.4% | 29.7% |
| Savings accounts | 169,792 | 177,278 | (7,486) | (4.2)% | 6.7% | 7.6% |
| Core deposits | 1,790,589 | 1,615,067 | 175,522 | 10.9 % | 70.1% | 69.4% |
| Certificates of deposit | 764,198 | 712,190 | 52,008 | 7.3 % | 29.9% | 30.6% |
| Total | \$ 2,554,787 | \$ 2,327,257 | \$ 227,530 | 9.8 % | 100.0% | 100.0% |

Borrowings. Borrowings decreased to \$535.0 million at March 31, 2020 from \$680.0 million at June 30, 2019. A total of \$60.0 million of these FHLB advances have maturities of less than 30 days and \$475.0 million consist of convertible FHLB advances with maturities greater than nine years; together with a weighted average interest rate of 1.30% at March 31, 2020.

Equity. Stockholders' equity at March 31, 2020 decreased \$3.5 million, or 0.8% to \$405.4 million from \$408.9 million at June 30, 2019. Changes within stockholders' equity included \$19.2 million in net income and \$2.3 million in stock-based compensation, offset by 1,032,221 shares of common stock repurchased at an average cost of \$22.50, or approximately \$23.2 million in total, and \$3.4 million related to cash dividends declared.

Average Balances, Interest and Average Yields/Cost

The following table sets forth for the periods indicated, information regarding average balances of assets and liabilities as well as the total dollar amounts of interest income from average interest-earning assets and interest expense on average interest-bearing liabilities, resultant yields, interest rate spread, net interest margin (otherwise known as net yield on interest-earning assets), and the ratio of average interest-earning assets to average interest-bearing liabilities. All average balances are daily average balances. Nonaccruing loans have been included in the table as loans carrying a zero yield.

(1) The average loans receivable, net balances include loans held for sale and nonaccruing loans.

(2) Interest income used in the average interest earned and yield calculation includes the tax equivalent adjustment of \$879 and \$876 for the nine months ended March 31, 2020 and 2019, respectively, calculated based on a combined federal and state tax rate of 24%.

(3) The average other interest-earning assets consist of FRB stock, FHLB stock, and SBIC investments.

(4) Net interest income divided by average interest-earning assets.

Rate/Volume Analysis

The following table presents the dollar amount of changes in interest income and interest expense for major components of interest-earning assets and interest-bearing liabilities. It distinguishes between the changes related to outstanding balances and that due to the changes in interest rates. For each category of interest-earning assets and interest-bearing liabilities, information is provided on changes attributable to (i) changes in volume (i.e., changes in volume multiplied by old rate) and (ii) changes in rate (i.e., changes in rate multiplied by old volume). For purposes of this table, changes attributable to both rate and volume, which cannot be segregated, have been allocated proportionately to the change due to volume and the change due to rate.

(1) Interest income used in the average interest earned and yield calculation includes the tax equivalent adjustment of \$305 and \$313 for the three months ended March 31, 2020 and 2019, respectively, calculated based on a combined federal and state income tax rate of 24%. Interest income used in the average interest earned and yield calculation includes the tax equivalent adjustment of \$879 and \$876 for the nine months ended March 31, 2020 and 2019, respectively, calculated based on a combined federal and state income tax rate of 24%.

Comparison of Results of Operation for the Three Months Ended March 31, 2020 and 2019

General. During the three months ended March 31, 2020, net income decreased 63.9% to \$1.2 million compared to \$3.3 million for the three months ended March 31, 2019. The Company's diluted earnings per share decreased to \$0.07 for the three months ended March 31, 2020 compared to \$0.18 for the same period in fiscal 2019. As previously discussed, earnings for the three months ended March 31, 2020 and 2019 included a significant provision for loan losses of \$5.4 million and \$5.5 million, respectively.

Net Interest Income. Net interest income decreased by \$1.3 million, or 4.7% to \$25.3 million for the quarter ended March 31, 2020 compared to \$26.6 million for the corresponding period in fiscal 2019. The decrease in net interest income for the quarter ended March 31, 2020 was primarily due to a \$1.7 million decrease in interest and dividend income primarily driven by lower rates on loans and commercial paper as a result of lower federal funds and other market interest rates, which was partially offset by a \$417,000 decrease in interest expense.

Average interest-earning assets increased \$65.7 million, or 2.1% to \$3.2 billion for the quarter ended March 31, 2020. The average balance of total loans receivable increased by \$19.6 million, or 0.7% compared to the same quarter last year due to organic loan growth offset by the previously disclosed one-to-four family loans sold in December 2019. The average balance of commercial paper and deposits in other banks increased \$40.8 million, or 12.1% between the periods driven by increases in commercial paper investments. Our investments in commercial paper have short-term maturities and limited exposure of \$15.0 million or less per each highly-rated company. The average balance in securities available for sale increased \$14.2 million, or 10.2%, which was primarily driven by the purchase of shorter-term corporate bonds. These increases were partially funded by a cumulative \$52.9 million, or 1.8% increase in average interest-bearing liabilities and noninterest bearing deposits and the \$8.9 million, or 19.0% decrease in other interest earning assets as compared to the same quarter last year. Net interest margin (on a fully taxable-equivalent basis) for the three months ended March 31, 2020 decreased to 3.16% from 3.39% for the same period a year ago.

Total interest and dividend income decreased \$1.7 million, or 4.8% for the three months ended March 31, 2020 as compared to the same period last year, which was primarily driven by a \$1.0 million, or 3.2% decrease in loan interest income, a \$489,000, or 21.4% decrease in interest income from commercial paper and deposits in other banks, and a \$261,000, or 32.2% decrease in other investment income which was partially offset by a \$62,000, or 7.3% increase in interest income from securities available for sale. The lower interest income from loans and commercial paper and deposits in other banks was primarily driven by the decrease in yields. Average loan yields decreased 18 basis points to 4.51% for the quarter ended March 31, 2020 from 4.69% in the corresponding quarter last year. Accretible income on acquired loans stems from the discount established at the time these loan portfolios were acquired and the related impact of prepayments on purchased loans. Each quarter the Company analyzes the cash flow assumptions on the acquired loan pools and, at least semi-annually, the Company updates loss estimates, prepayment speeds and other variables when analyzing cash flows. In addition to this accretion income, which is recognized over the estimated life of the loan pools, if a loan is removed from a pool due to payoff or foreclosure, the unaccreted discount in excess of losses is recognized as an accretion gain in interest income. As a result, income from acquired loan pools can be volatile from quarter to quarter, however the incremental accretion is expected to decrease over time as the balance of the purchase discount for acquired loans decreases. For the quarters ended March 31, 2020 and 2019, average loan yields included six and seven basis points, respectively, from the accretion of purchase discounts on acquired loans. The total purchase discount for acquired loans was \$5.5 million at March 31, 2020, compared to \$6.7 million at June 30, 2019, and \$7.1 million at March 31, 2019.

Total interest expense decreased \$417,000, or 5.1% for the quarter ended March 31, 2020 compared to the same period last year. The decrease was driven by a \$2.0 million, or 53.0% decrease in interest expense on borrowings partially offset by a \$1.6 million, or 35.6% increase in interest expense on deposits. The additional deposit interest expense was a result of our continued focus on increasing deposits as the average balance of interest-bearing deposits increased \$205.3 million, or 10.4% along with a 20 basis point increase in the average cost of interest-bearing deposits for the quarter ended March 31, 2020 compared to the same quarter last year. Average borrowings for the quarter ended March 31, 2020 decreased \$196.8 million, or 29.4% along with a 75 basis point decrease in the average cost of borrowings compared to the same period last year. The decrease in the average cost of borrowing was driven by the lower federal funds rate during the current quarter compared to the prior year. The overall average cost of funds decreased seven basis points to 1.16% for the current quarter compared to 1.23% in the same quarter last year due primarily to the impact of the lower amount of borrowings and lower interest rates.

Provision for Loan Losses. During the three months ended March 31, 2020 there was a \$5.4 million provision for loan losses compared to a \$5.5 million provision for the corresponding quarter of fiscal 2019. The current year provision included significant adjustments relating to COVID-19 compared to prior year's provision which was primarily driven by one commercial loan relationship. Net loan charge-offs totaled \$581,000 for the three months ended March 31, 2020 compared to \$2.5 million for the same period in fiscal 2019. Annualized net charge-offs as a percentage of average loans was 0.09% for the three months ended March 31, 2020, compared to 0.38% for the same period in fiscal 2019.

See "Comparison of Financial Condition - Asset Quality" for additional details.

Noninterest Income. Noninterest income increased \$1.0 million, or 18.1% to \$6.4 million for the three months ended March 31, 2020 from \$5.4 million for the same period in the previous year primarily due a \$160,000, or 119.4% increase in loan income and fees and a \$749,000, or 74.4% increase in other noninterest income. The \$160,000 increase for the quarter in loan income and fees is primarily a result of our adjustable rate conversion program and prepayment fees on equipment finance loans. The \$749,000 increase in other noninterest income primarily related to operating lease income from the new equipment finance line of business. There were \$32.2 million of residential mortgage loans originated for sale which were sold with gains of \$852,000 compared to \$24.7 million sold and gains of \$628,000 in the corresponding quarter in the prior year. During the quarter ended March 31, 2020, \$6.8 million of the guaranteed portion of SBA commercial loans were sold with gains of \$469,000 compared to \$11.5 million sold and gains of \$843,000 in the corresponding quarter in the prior year. In addition, \$18.0 million of home equity loans were sold during the quarter for a gain of \$183,000.

Noninterest Expense. Noninterest expense for the three months ended March 31, 2020 increased \$1.9 million, or 8.4% to \$24.9 million compared to \$23.0 million for the three months ended March 31, 2019. The increase was primarily due to a \$1.0 million, or 7.4% increase in salaries and employee benefits as a result of new positions and annual salary increases; a \$1.0 million, or 34.6% increase in other expenses, mainly driven by depreciation from our equipment finance line of business and expenses related to our recent core system conversion; a \$164,000, or 23.5% increase in telephone, postage, and supplies as a result of our core conversion; and a \$142,000, or 44.4% increase in deposit insurance premiums as a result of our growth and changing loan portfolio mix. Partially offsetting these increases was a cumulative decrease of \$365,000, or 39.1% in REO-related expenses and core deposit intangible amortization for the three months ended March 31, 2020 compared to the same period last year as a result of gains on the sale of REO during the current quarter compared to a loss in the corresponding quarter in fiscal 2019.

Income Taxes. The Company's income tax expense for the three months ended March 31, 2020 increased \$3,000, or 1.6% to \$188,000 from \$185,000. The effective tax rate for the three months ended March 31, 2020 and 2019 was 13.6% and 5.3%, respectively. These lower rates were due to the effects of \$1.0 million in each quarter of tax-free income from municipal leases in the Company's loan portfolio and a \$325,000 valuation adjustment in 2019 related to the Tax Cut and Jobs Act.

Comparison of Results of Operation for the Nine Months Ended March 31, 2020 and 2019

General. During the nine months ended March 31, 2020, net income increased by \$55,000, or 0.3% to \$19.2 million from \$19.1 million for the nine months ended March 31, 2019. Diluted earnings per share increased 5.9% to \$1.08 for the first nine months of fiscal year 2020, compared to \$1.02 in the same period in fiscal 2019 primarily as a result of continued stock buybacks.

Net Interest Income. Net interest income decreased \$526,000, or 0.7% to \$79.4 million for the nine months ended March 31, 2020 compared to \$79.9 million for the nine months ended March 31, 2019. This decrease in net interest income was driven by a \$3.8 million increase in interest and dividend income primarily driven by an increase in average interest-earning assets, which was offset by a \$4.3 million increase in interest expense.

Average interest-earning assets increased \$166.8 million, or 5.3% to \$3.3 billion for the nine months ended March 31, 2020 compared to \$3.1 billion for the corresponding period in fiscal 2019. For the nine months ended March 31, 2020, the average balance of total loans receivable increased \$125.8 million, or 4.8% compared to the same period last year primarily due to organic loan growth. The average balance of commercial paper and deposits in other banks increased \$38.6 million, or 11.9% between the periods driven by increases in commercial paper investments. These increases were primarily funded by the \$151.5 million, or 5.9% increase in average interest-bearing liabilities, as compared to the same nine-month period last year. Net interest margin (on a fully taxable-equivalent basis) for the nine months ended March 31, 2020 decreased to 3.25% from 3.45% for the same period a year ago.

Total interest and dividend income increased \$3.8 million, or 3.7% for the nine months ended March 31, 2020 as compared to the same period last year, which was primarily driven by a \$4.1 million, or 4.6% increase in loan interest income, and a \$319,000, or 12.4% increase in interest income from securities available for sale, which was partially offset by a \$147,000, or 2.4% decrease in interest income from commercial paper and interest-bearing deposits and a \$510,000, or 19.1% decrease in other investment income. The additional loan interest income was driven by the increase in the average balance of loans receivable compared to the prior year. Average loan yields decreased by two basis points to 4.63% for the nine months ended March 31, 2020 from 4.65% in the corresponding period last year. For the nine months ended March 31, 2020 and 2019, average loan yields included six and eight basis points, respectively, from the accretion of purchase discounts on acquired loans.

Total interest expense increased \$4.3 million, or 20.1% for the nine months ended March 31, 2020 compared to the same period last year. The increase was driven by a \$7.4 million, or 68.6% increase in deposit interest expense partially offset by a \$3.1 million, or 28.7% decrease in interest expense on borrowings. The additional deposit interest expense was a result of a \$226.9 million, or 11.8% increase in the average balance of interest-bearing deposits along with a 37 basis point increase in the average cost of those deposits for the nine months ended March 31, 2020 as compared to the same period last year. Average borrowings for the nine months ended March 31, 2020 decreased \$75.3 million, or 11.4% along with a 42 basis point decrease in the average cost of borrowings compared to the same period last year. The overall cost of funds increased 14 basis points to 1.25% for the nine months ended March 31, 2020 compared to 1.11% in the corresponding period last year.

Provision for Loan Losses. There was a \$5.8 million provision for loan losses for the nine months ended March 31, 2020 compared to \$5.5 million for the corresponding period in fiscal 2019. The fiscal 2020 and 2019 provisions for loan losses relate primarily to the previously discussed COVID-19 and commercial lending relationship, respectively. Net loan charge-offs totaled \$379,000 for the nine months ended March 31, 2020, compared to \$2.1 million for the same period in fiscal 2019. Annualized net charge-offs as a percentage of average loans were 0.02% for the nine months ended March 31, 2020 compared to 0.11% for the same period last fiscal year.

See "Comparison of Financial Condition - Asset Quality" for additional details.

Noninterest Income. Noninterest income increased \$7.0 million, or 43.6%, to \$23.1 million for the nine months ended March 31, 2020 from \$16.1 million for the nine months ended March 31, 2019, primarily due to a \$3.5 million, or 85.4% increase in the gain on sale of loans held for sale, a \$1.3 million, or 170.4% increase in loan income and fees, and a \$2.0 million, or 81.1% increase in other noninterest income. The increase in the gain on sale of loans held for sale was a result of the previously discussed one-to-four family loans sold during the period which resulted in a non-recurring \$1.3 million gain. In addition to this non-recurring gain, \$135.4 million of residential mortgage loans sold with gains of \$3.6 million for the nine months ended March 31, 2020, compared to \$81.3 million sold and gains of \$2.0 million in the corresponding period in the prior year. During the nine months ended March 31, 2020, \$36.0 million of SBA commercial loans were sold with recorded gains of \$2.5 million compared to \$28.7 million sold and gains of \$2.0 million in the corresponding period in the prior year. The increase in loan income and fees is

primarily a result of our adjustable rate conversion program and prepayment fees on equipment finance loans. The \$2.0 million increase in other noninterest income primarily related to operating lease income from the equipment finance line of business.

Noninterest Expense. Noninterest expense for the nine months ended March 31, 2020 increased \$5.8 million, or 8.6%, to \$72.5 million compared to \$66.7 million for the nine months ended March 31, 2019. The increase was primarily due to a \$3.5 million, or 9.1% increase in salaries and employee benefits; a \$2.4 million, or 30.3% increase in other expenses, mainly driven by depreciation from our equipment finance line of business and expenses related to our core conversion; a \$497,000, or 40.8% increase in marketing and advertising expense; a \$308,000, or 5.4% increase in computer services; and a \$252,000, or 11.4% increase in telephone, postage, and supplies. Partially offsetting these increases was a decrease of \$485,000, or 50.6% in deposit insurance premiums related to credit from the Federal Deposit Insurance Corporation in the first and second quarter; a \$462,000, or 29.2% decrease in core deposit intangible amortization; and a \$214,000, or 20.4% decrease in REO related expenses for the nine months ended March 31, 2020 compared to the same period last year.

Income Taxes. For the nine months ended March 31, 2020, the Company's income tax expense increased \$376,000, or 8.0% to \$5.1 million from \$4.7 million for the nine months ended March 31, 2019 as a result of higher pretax income. The effective tax rate for the nine months ended March 31, 2020 and 2019 was 20.9% and 19.7%, respectively.

Liquidity

Management maintains a liquidity position that it believes will adequately provide funding for loan demand and deposit run-off that may occur in the normal course of business. We rely on a number of different sources in order to meet our potential liquidity demands. The primary sources are increases in deposit accounts, cash flows from loan payments, commercial paper, and the securities portfolio.

In addition to these primary sources of funds, management has several secondary sources available to meet potential funding requirements. As of March 31, 2020, the Bank had an available borrowing capacity of \$109.9 million with the FHLB of Atlanta, a \$112.3 million line of credit with the FRB and a line of credit with each of three unaffiliated banks totaling \$70.0 million. At March 31, 2020, we had \$535.0 million in FHLB advances outstanding and nothing outstanding under our other lines of credit. Additionally, the Company classifies its securities portfolio as available for sale, providing an additional source of liquidity. Management believes that our security portfolio is of high quality and the securities would therefore be marketable. In addition, we have historically sold longer term fixed-rate mortgage loans in the secondary market to reduce interest rate risk and to create still another source of liquidity. From time to time we also utilize brokered time deposits to supplement our other sources of funds. Brokered time deposits are obtained by utilizing an outside broker that is paid a fee. This funding requires advance notification to structure the type of deposit desired by us. Brokered deposits can vary in term from one month to several years and have the benefit of being a source of longer-term funding. We also utilize brokered deposits to help manage interest rate risk by extending the term to repricing of our liabilities, enhance our liquidity and fund asset growth. Brokered deposits are typically from outside our primary market areas, and our brokered deposit levels may vary from time to time depending on competitive interest rate conditions and other factors. At March 31, 2020 brokered deposits totaled \$151.7 million, or 5.9% of total deposits compared to \$176.8 million, or 7.6% of total deposits at June 30, 2019. We also intend to utilize the FRB's PPPLF to supplement our liquidity pursuant to which the Company will pledge its PPP loans as collateral to obtain FRB non-recourse loans. The PPPLF will take the PPP loans as collateral at face value.

Liquidity management is both a daily and long-term function of business management. Excess liquidity is generally invested in short-term investments, such as overnight deposits, federal funds, and commercial paper. On a longer term basis, we maintain a strategy of investing in various lending products and investment securities, including mortgage-backed securities. HomeTrust Bancshares on a stand-alone level is a separate legal entity from the Bank and must provide for its own liquidity and pay its own operating expenses. The Company's primary source of funds consists of the net proceeds retained from the Conversion. The Company also has the ability to receive dividends or capital distributions from the Bank, although there are regulatory restrictions on the ability of the Bank to pay dividends. At March 31, 2020, the Company (on an unconsolidated basis) had liquid assets of \$2.0 million.

We use our sources of funds primarily to meet our ongoing commitments, pay maturing deposits and fund withdrawals, and to fund loan commitments. At March 31, 2020, the total approved loan commitments and unused lines of credit outstanding amounted to \$216.5 million and \$374.4 million, respectively, as compared to \$274.9 million and \$353.7 million, respectively, as of June 30, 2019. Certificates of deposit scheduled to mature in one year or less at March 31, 2020, totaled \$588.2 million. It is management's policy to manage deposit rates that are competitive with other local financial institutions. Based on this management strategy, we believe that a majority of maturing deposits will remain with us.

During the first nine months of fiscal 2020, cash and cash equivalents increased \$11.0 million, or 15.5%, to \$82.1 million as of March 31, 2020 from \$71.0 million as of June 30, 2019. Cash provided by financing activities was \$57.2 million while cash used in operating activities and investing activities was \$16.7 million and \$29.6 million, respectively. Primary sources of cash for the nine months ended March 31, 2020 included a \$227.5 million increase in deposits, \$154.9 million in loans not initially originated for sale were sold, \$27.8 million in maturing securities available for sale, \$10.9 million in principal repayments from mortgage-backed securities, and \$4.2 million in net redemptions of other investments. Primary uses of cash during the period included a \$145.0 million decrease in borrowings, an increase in loans of \$99.1 million, a net increase in commercial paper of \$35.9 million, \$75.5 million of purchases of debt securities available for sale, \$5.5 million in purchases of certificates of deposit in other banks, net of maturities, \$11.0 million in purchases of operating lease equipment, \$3.4 million in cash dividends, and \$23.2 million in common stock repurchases. All sources and uses of cash reflect our cash management strategy to increase our higher yielding investments and loans by increasing lower costing borrowings and reducing our holdings of lower yielding investments.

Off-Balance Sheet Activities

In the normal course of operations, we engage in a variety of financial transactions that are not recorded in our financial statements. These transactions involve varying degrees of off-balance sheet credit, interest rate and liquidity risks. These transactions are used primarily to manage customers' requests for funding and take the form of loan commitments and lines of credit. For the nine months ended March 31, 2020, we engaged in no off-balance sheet transactions likely to have a material effect on our financial condition, results of operations or cash flows.

A summary of our off-balance sheet commitments to extend credit at March 31, 2020, is as follows (in thousands):

| | | |
|---|----|----------------|
| Undisbursed portion of construction loans | \$ | 161,655 |
| Commitments to make loans | | 54,884 |
| Unused lines of credit | | 374,401 |
| Unused letters of credit | | 6,833 |
| Total loan commitments | \$ | <u>597,773</u> |

Capital Resources

At March 31, 2020, stockholders' equity totaled \$405.4 million. HomeTrust Bancshares, Inc. is a bank holding company and a financial holding company subject to regulation by the Federal Reserve. As a bank holding company, we are subject to capital adequacy requirements of the Federal Reserve under the Bank Holding Company Act of 1956, as amended and the regulations of the Federal Reserve. Our subsidiary, the Bank, an FDIC-insured, North Carolina state-chartered bank and a member of the Federal Reserve, is supervised and regulated by the Federal Reserve and the NCCOB and is subject to minimum capital requirements applicable to state member banks established by the Federal Reserve that are calculated in a manner similar to those applicable to bank holding companies.

Under capital adequacy guidelines and the regulatory framework for prompt corrective action, the Bank must meet specific capital guidelines that involve quantitative measures of the Bank's assets, liabilities and certain off-balance-sheet items as calculated under regulatory accounting practices. The Bank's capital amounts and classification are also subject to qualitative judgments by the regulators about components, risk weightings and other factors.

HomeTrust Bancshares, Inc. and the Bank each exceeded all regulatory capital requirements as of March 31, 2020. Consistent with our goals to operate a sound and profitable organization, our policy is for the Bank to maintain a "well-capitalized" status under the regulatory capital categories of the Federal Reserve. The Bank was categorized as "well-capitalized" at March 31, 2020 under applicable regulatory requirements.

HomeTrust Bancshares, Inc. and the Bank's actual and required minimum capital amounts and ratios are as follows (dollars in thousands):

| | Regulatory Requirements | | | | | |
|--|-------------------------|--------|---------------------------------------|-------|--------------------------------|--------|
| | Actual | | Minimum for Capital Adequacy Purposes | | Minimum to Be Well Capitalized | |
| | Amount | Ratio | Amount | Ratio | Amount | Ratio |
| HomeTrust Bancshares, Inc. | | | | | | |
| As of March 31, 2020 | | | | | | |
| Common Equity Tier I Capital to Risk-Weighted Assets | \$ 372,175 | 11.42% | \$ 146,656 | 4.50% | \$ 211,837 | 6.50% |
| Tier I Capital (to Total Adjusted Assets) | \$ 372,175 | 10.72% | \$ 138,853 | 4.00% | \$ 173,566 | 5.00% |
| Tier I Capital (to Risk-weighted Assets) | \$ 372,175 | 11.42% | \$ 195,542 | 6.00% | \$ 260,723 | 8.00% |
| Total Risk-based Capital (to Risk-weighted Assets) | \$ 399,480 | 12.26% | \$ 260,723 | 8.00% | \$ 325,903 | 10.00% |
| As of June 30, 2019 | | | | | | |
| Common Equity Tier I Capital to Risk-Weighted Assets | \$ 374,729 | 12.20% | \$ 138,226 | 4.50% | \$ 199,659 | 6.50% |
| Tier I Capital (to Total Adjusted Assets) | \$ 374,729 | 10.89% | \$ 137,649 | 4.00% | \$ 172,062 | 5.00% |
| Tier I Capital (to Risk-weighted Assets) | \$ 374,729 | 12.20% | \$ 184,301 | 6.00% | \$ 245,734 | 8.00% |
| Total Risk-based Capital (to Risk-weighted Assets) | \$ 396,613 | 12.91% | \$ 245,734 | 8.00% | \$ 307,168 | 10.00% |
| HomeTrust Bank: | | | | | | |
| As of March 31, 2020 | | | | | | |
| Common Equity Tier I Capital to Risk-Weighted Assets | \$ 361,674 | 11.10% | \$ 146,636 | 4.50% | \$ 211,807 | 6.50% |

| Tier I Capital (to Risk-weighted Assets) | \$ 355,759 | 11.59% | \$ 184,204 | 6.00% | \$ 245,606 | 8.00% |
| Total Risk-based Capital (to Risk-weighted Assets) | \$ 377,639 | 12.30% | \$ 245,606 | 8.00% | \$ 307,007 | 10.00% |

In addition to the minimum CET1, Tier 1 and total risk-based capital ratios, both HomeTrust Bancshares, Inc. and the Bank have to maintain a capital conservation buffer consisting of additional CET1 capital of more than 2.5% above the required minimum levels in order to avoid limitations on paying dividends, engaging in share repurchases, and paying discretionary bonuses based on percentages of eligible retained income that could be utilized for such actions. At March 31, 2020, the conservation buffer was 4.26% and 3.94% for HomeTrust Bancshares, Inc. and the Bank, respectively.

Impact of Inflation

The effects of price changes and inflation can vary substantially for most financial institutions. While management believes that inflation affects the growth of total assets, it believes that it is difficult to assess the overall impact. Management believes this to be the case due to the fact that generally neither the timing nor the magnitude of the inflationary changes in the CPI coincides with changes in interest rates. The price of one or more of the components of the CPI may fluctuate considerably and thereby influence the overall CPI without having a corresponding effect on interest rates or upon the cost of those goods and services normally purchased by the Company. In years of high inflation and high interest rates, intermediate and long-term interest rates tend to increase, thereby adversely impacting the market values of investment securities, mortgage loans and other long-term fixed rate loans. In addition, higher short-term interest rates caused by inflation tend to increase the cost of funds. In other years, the opposite may occur.

Item 3. Quantitative and Qualitative Disclosure About Market Risk

There has not been any material change in the market risk disclosures contained in our 2019 Form 10-K.

Item 4. Controls and Procedures

An evaluation of our disclosure controls and procedures (as defined in Rule 13a-15(e) of the Securities Exchange Act of 1934 (the "Act")) as of March 31, 2020, was carried out under the supervision and with the participation of the Company's Chief Executive Officer, Chief Financial Officer and several other members of the Company's senior management. The Company's Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures in effect as of March 31, 2020, were effective in ensuring that the information required to be disclosed by the Company in the reports it files or submits under the Act is: (i) accumulated and communicated to the Company's management (including the Chief Executive Officer and Chief Financial Officer) in a timely manner and (ii) recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. In addition, there have been no changes in our internal control over financial reporting (as defined in Rule 13a-15(f) of the Act) that occurred during the quarter ended March 31, 2020, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

The Company does not expect that its disclosure controls and procedures and internal control over financial reporting will prevent all errors and all fraud. A control procedure, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control procedure are met. Because of the inherent limitations in all control procedures, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Additionally, controls may be circumvented by the individual acts of some persons, by collusion of two or more people, or by override of the control. The design of any control procedure also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions; over time, controls may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control procedure, misstatements due to error or fraud may occur and not be detected.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

The "Litigation" section of Note 9 to the Consolidated Financial Statements included in Part I, Item 1 is incorporated herein by reference.

Item 1A. Risk Factors

In light of recent developments relating to COVID-19, the Company is supplementing its risk factors contained in Item 1A of its Annual Report on Form 10-K for the year ended June 30, 2019, as filed with the Securities and Exchange Commission on September 13, 2019. The following risk factor should be read in conjunction with the risk factors described in the 2019 Form 10-K.

The COVID-19 pandemic has adversely impacted our ability to conduct business and is expected to adversely impact our financial results and those of our customers. The ultimate impact will depend on future developments, which are highly uncertain and cannot be predicted, including the scope and duration of the pandemic and actions taken by governmental authorities in response to the pandemic.

The COVID-19 pandemic has significantly adversely affected our operations and the way we provide banking services to businesses and individuals, most of whom are currently under government issued stay-at-home orders. As an essential business, we continue to provide banking and financial services to our customers with drive-thru access available at the majority of our branch locations and in-person services available by appointment. In addition, we continue to provide access to banking and financial services through online banking, ATMs and by telephone. If the COVID-19 pandemic worsens it could limit or disrupt our ability to provide banking and financial services to our customers.

In response to the stay-at-home orders, many of our employees currently are working remotely to enable us to continue to provide banking services to our customers. Heightened cybersecurity, information security and operational risks may result from these remote work-from-home arrangements. We also could be adversely affected if key personnel or a significant number of employees were to become unavailable due to the effects and restrictions of the COVID-19 pandemic. We also rely upon our third-party vendors to conduct business and to process, record and monitor transactions. If any of these vendors are unable to continue to provide us with these services, it could negatively impact our ability to serve our customers. Although we have business continuity plans and other safeguards in place, there is no assurance that such plans and safeguards will be effective.

There is pervasive uncertainty surrounding the future economic conditions that will emerge in the months and years following the start of the pandemic. As a result, management is confronted with a significant and unfamiliar degree of uncertainty in estimating the impact of the pandemic on credit quality, revenues and asset values. To date, the COVID-19 pandemic has resulted in declines in loan demand and loan originations (other than through government sponsored programs such as the Payroll Protection Program), deposit availability, market interest rates and negatively impacted many of our business and consumer borrower's ability to make their loan payments. Because the length of the pandemic and the efficacy of the extraordinary measures being put in place to address its economic consequences are unknown, including recent reductions in the targeted federal funds rate, until the pandemic subsides, we expect our net interest income and net interest margin will be adversely affected in the near term, if not longer. Many of our borrowers have become unemployed or may face unemployment, and certain businesses are at risk of insolvency as their revenues decline precipitously, especially in businesses related to travel, hospitality, leisure and physical personal services. Businesses may ultimately not reopen as there is a significant level of uncertainty regarding the level of economic activity that will return to our markets over time, the impact of governmental assistance, the speed of economic recovery, the resurgence of COVID-19 in subsequent seasons and changes to demographic and social norms that will take place.

The impact of the pandemic is expected to continue to adversely affect us during 2020 and possibly longer as the ability of many of our customers to make loan payments has been significantly affected. Although the Company makes estimates of loan losses related to the pandemic as part of its evaluation of the allowance for loan losses, such estimates involve significant judgment and are made in the context of significant uncertainty as to the impact the pandemic will have on the credit quality of our loan portfolio. It is likely that increased loan delinquencies, adversely classified loans and loan charge-offs will increase in the future as a result of the pandemic. Consistent with guidance provided by banking regulators, we have modified loans by providing various loan payment deferral options to our borrowers affected by the COVID-19 pandemic. Notwithstanding these modifications, these borrowers may not be able to resume making full payments on their loans once the COVID-19 pandemic is resolved. Any increases in the allowance for credit losses will result in a decrease in net income and, most likely, capital, and may have a material negative effect on our financial condition and results of operations.

The PPP loans made by the Bank are guaranteed by the SBA and, if used by the borrower for authorized purposes, may be fully forgiven. However, in the event of a loss resulting from a default on a PPP loan and a determination by the SBA that there was a deficiency in the manner in which the PPP loan was originated, funded or serviced by the Bank, the SBA may deny its liability under the guaranty, reduce the amount of the guaranty or, if it has already made payment under the guaranty, seek recovery of any loss related to the deficiency from the Bank. In addition, since the commencement of the PPP, several larger banks have been subject to litigation regarding their processing of PPP loan applications. The Bank may be exposed to the risk of similar litigation, from both customers and non-customers that approached the Bank seeking PPP loans. PPP lenders, including the Bank, may also be subject to the risk of litigation in connection with other aspects of the PPP, including but not limited to borrowers seeking forgiveness of their loans. If any such litigation is filed against the Bank, it may result in significant financial or reputational harm to us.

In accordance with GAAP, we record assets acquired and liabilities assumed at their fair value with the excess of the purchase consideration over the net assets acquired resulting in the recognition of goodwill. If adverse economic conditions or the recent decrease in our stock price and market capitalization as a result of the pandemic were to be deemed sustained rather than temporary, it may significantly affect the fair value of our goodwill and may trigger impairment charges. Any impairment charge could have a material adverse effect on our results of operations and financial condition.

Even after the COVID-19 pandemic subsides, the U.S. economy will likely require some time to recover from its effects, the length of which is unknown, and during which we may experience a recession. As a result, we anticipate our business may be materially and adversely affected during this recovery. To the extent the effects of the COVID-19 pandemic adversely impact our business, financial condition, liquidity or results of operations, it may also have the effect of heightening many of the other risks described in the section entitled "Risk Factors" in our 2019 Annual Report on Form 10-K and any subsequent Quarterly Reports on Form 10-Q.

Item 2. Unregistered Sales of Equity Securities and use of Proceeds

(a) Not applicable

(b) Not applicable

(c) The following table provides information about repurchases of common stock by the Company during the quarter ended March 31, 2020:

| Period | Total Number Of Shares Purchased | Average Price Paid per Share | Total Number Of Shares Purchased as Part of Publicly Announced Plans | Maximum Number of Shares that May Yet Be Purchased Under Publicly Announced Plans |
|--------------------------------|--|------------------------------------|---|--|
| January 1 - January 31, 2020 | 134,400 | \$ 26.55 | 134,400 | 583,273 |
| February 1 - February 29, 2020 | 78,200 | 26.57 | 78,200 | 505,073 |
| March 1 - March 31, 2020 | 423,200 | 17.38 | 423,200 | 81,873 |
| Total | 635,800 | \$ 20.45 | 635,800 | 81,873 |

Subsequent to March 31, 2020, the remaining shares under the Company's then-outstanding plan were repurchased and on April 2, 2020, the Company announced that its Board of Directors had authorized the repurchase of up to an additional 889,123 shares of the Company's common stock, representing 5% of the Company's outstanding shares at the time of the announcement. The shares may be purchased in the open market or in privately negotiated transactions, from time to time depending upon market conditions and other factors.

Item 3. Defaults Upon Senior Securities

Section 2: EX-31.1 (EXHIBIT 31.1)

Exhibit 31.1

RULE 13a-14(a) CERTIFICATION

I, Dana L. Stonestreet, certify that:

1. I have reviewed this quarterly report on Form 10-Q of HomeTrust Bancshares, Inc. (the "Company");
2. Based on my knowledge, this report does not contain any untrue statement of material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the Company as of, and for, the periods presented in this report;
4. The Company's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) for the Company and have:
 - (a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the Company, including its consolidated subsidiary, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) designed such internal controls over financial reporting, or caused such internal controls over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) evaluated the effectiveness of the Company's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures as of the end of the period covered by this report based on such evaluations; and
 - (d) disclosed in this report any change in the Company's internal control over financial reporting that occurred during the Company's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting; and
5. The Company's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the Company's auditors and the audit committee of the Company's board of directors (or persons performing the equivalent functions):

- (a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the Company's ability to record, process, summarize and report financial information; and
- (b) any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's internal control over financial reporting.
